GRAINLINE STUDIO™

SUPPLIES

In addition to the supplies listed in Grainline Studio's Blog Post., we have a few we used

- ◇ [Overlocker with Rolled Hem Capabilities](#)
- ◇ [BERNINA #97 Patchwork Foot](#)
- ◇ [Sue O'Very-Pruitt Tube Turner](#)
- ◇ Instead of Pellets we used [Floral Sand](#)
- ◇ [Silk Thread](#)
- ◇ SoftLoc Thread (1 Spool)
- ◇ Seracor Thread (2 Spools)
- ◇ [BERNINA of Naperville Fat Quarter Pack](#)

Overlocker Adjustments for Tube Turning

Jen used a tried and true method to make the tops for the weights, but we wanted something extra.

Cut 1 - 1 ¼" x 22" piece from a fat quarter

Lower Looper Tension: 7-9 (Seracor Thread)

Upper Looper Tension: 3 (Using SoftLoc Thread)

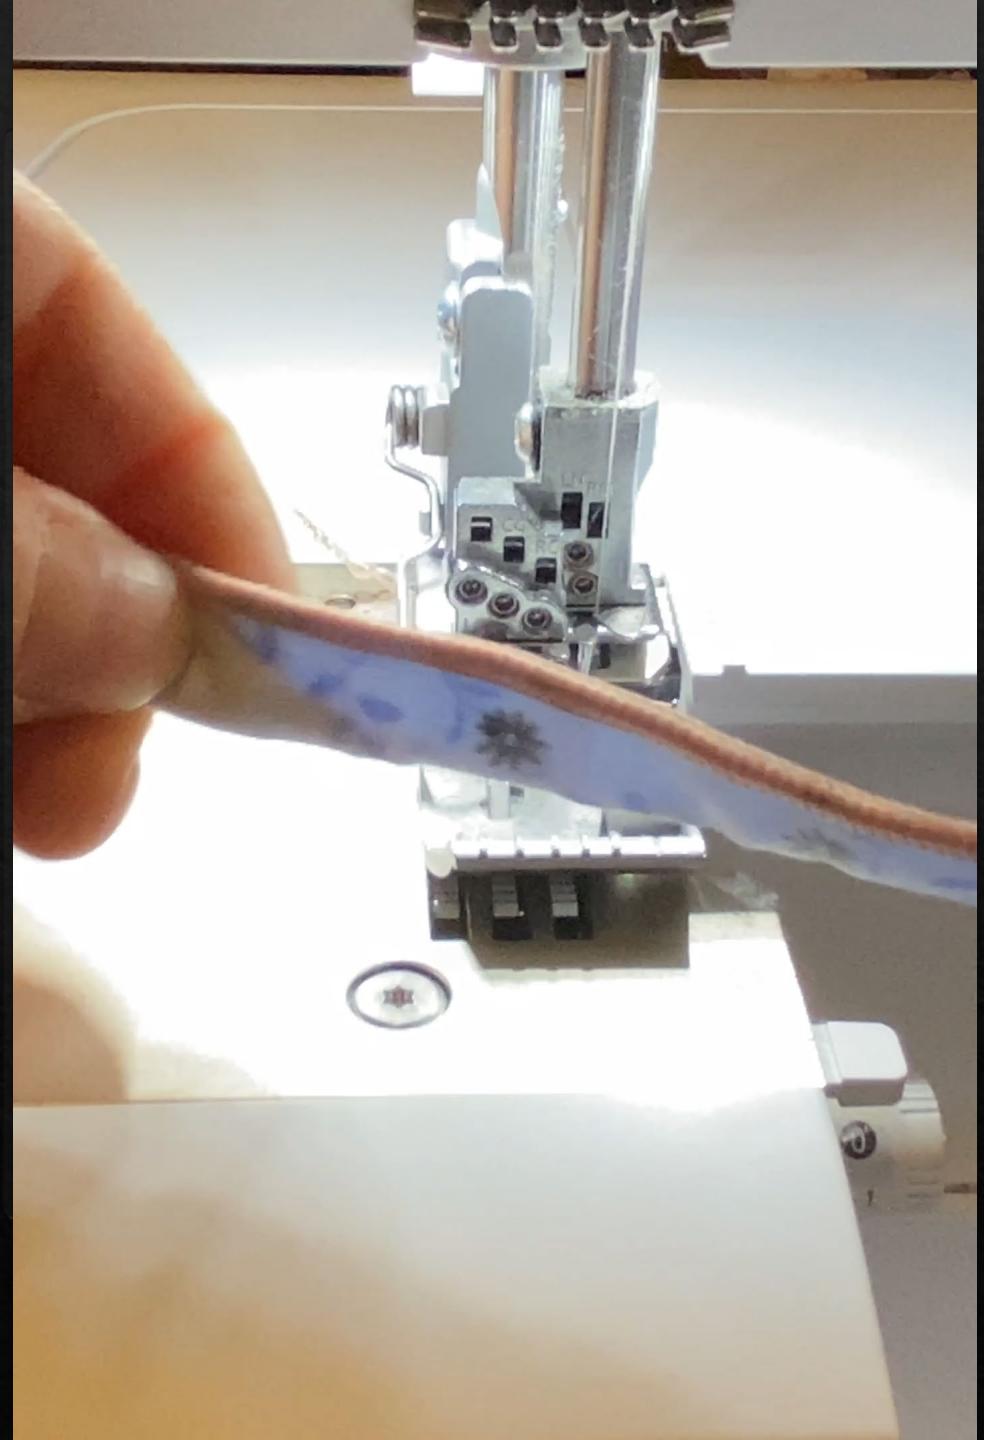

Right Needle: 4 (Seracor Thread)

Stitch Length .8-1mm

Rolled Hem Lever engaged

Cutting Width: 6

Left Needle removed

Placement of Stuffing opening

Jen left a small opening in the
bottom of the weight, we
preferred to put it on the side.

Tomato/Tomatoe on this one

Stuff It & Stitch It Up
