## Sequin Pillow

Instructor: Gayle Schliemann  
[gayle@berninaofnaperville.com](mailto:gayle@berninaofnaperville.com)

This method is so easy! You will just need to use simple sewing techniques to assemble

Pillow Measurement = 17" finished pillow

Kit contents:

- (1) Package Eversewn Sequin Fabric
- (1) Fat Quarter
- (1) Regular Zipper
- (1) Spool of Metrosene 100% polyester thread

Follow the video instructions for making the pillow, but below are some helpful measurements and tips:

### Prepping the Fat Quarter and Zipper

Cutting – Cut the Fat Quarter in Half so you have 2 pieces that measure 18" x 20 ½"

- Piece 1: On one 18" side, fold up ½" and press
- Piece 2: On one 18" side, fold up ¾" and press

### Sewing:

Sew 2" using a 5/8" seam allowance along the pressed up sides of the 18" x 20 ½" pieces, at the beginning and end of the seam, leaving a 14" opening for the zipper.  
Do not remove creases, but do not sew folded (see video).

Make sure to place the zipper right side down on the wrong side of the opening seam.
