

Where to stay in the Port St. Lucie area for the Treasure Coast Open

Although you're free to choose to stay where you'd like, the [Wyndham Sandpiper Resort](#) (site of the Friday evening activities) is offering a 20% discount off the published rates at the resort. This is an ALL-INCLUSIVE resort, so meals, etc. are included. However, please note that the published rates are already discounted due to some of the amenities being limited during their re-opening. Wyndham acquired the resort from Club Med last year and have been making significant modifications. The resort only recently re-opened to the public and some amenities may not be ready by April. If you are interested, we recommend calling them at [\(772\) 202-3065](tel:772-202-3065) to get the details. Since the discount code is not publicly available you will receive the coupon code once you have registered for the tournament. If you need to book your accommodations before purchasing your tournament registration, please contact the WLF directly for the code.

For more information check out their website:

There are a bunch of other hotel and rental options in the area: Using [Airbnb](#) is a great option and may be more-cost-effective for families or participants wanting to stay together. Using [Hotels.com](#) will help you find a low-cost hotel and also has VRBO properties as well.
