

MEET POLLY

On/Off

Cycle through intensities and patterns.

button in short clicks. Position Polly on or around the clitoris, nipples or head of the penis. You'll be all aboard the 0 train in no time.

ALL ABOARD THE 0 TRAIN

Set the mood, get comfortable, and get ready to ride your favourite train. Turn on Polly and choose a starting level - you can always amp it up or down depending on what you like. Polly is waterproof and made for external play only, she is not suitable for anal usage.

We ♥ Lube:

If you're like us and like a little more slip n' slide, you can apply lube directly on the toy or on the areas of your body you're showing some extra love to. Please only use water-based lubricants with Polly (Girls Get Off Juicee is the perfect partner). Any other oils, creams or silicone-based lubricants can damage the silicone over time which would be heartbreaking for your Queen V.

STAY CLEAN TO GET DIRTY

Polly loves to get down n' dirty but she needs a freshen up before and after use. Simply wash with a soft cloth then rinse and pat dry with the tender loving care she deserves.

Or if you're on the go or want to save yourself from any awkward bathroom run-ins, wipe

Polly down with a toy safe wet wipe - just like Girls Get Off Cleanies.

If Polly is warm to touch after use, let her cool down again before round 2.. or 3... or 4. When not in use, store Polly in her storage bag to avoid any dust build up, and keep in a cool and dry place.

SAFETY FIRST

Polly is an adults only toy. Keep out of reach of children and pets. Polly is not for medical use. Polly is for external use only. Do not insert into the anus or other body cavities.

Contact your healthcare professional before use if you have any implanted devices such as a pacemaker, surgery on any relevant body parts, have diabetes, may be pregnant, have thrombosis, phlebitis, or any other concerns that may affect its use.

Do not use Polly if you have any wounds, pain or swollen skin in the genital area.

If you find Polly uncomfortable or painful, please discontinue use immediately.

DISPOSAL

Please refer to your local regulations for disposal.

SPECS

PRODUCT SIZE 18x62.5mm

POWER INPUT 5V

MATERIAL Medical grade silicone/ABS

BATTERY TYPE Lithium-ion battery

PRODUCT WEIGHT 19.5G

FREQUENCY Vibration 10 modes

WATERPROOF IPX7

CHARGE TIME 120 Minutes

NOISE Less than 50db

USE TIME Approx 35 minutes (depending on setting used)

LOW BATTERY WARNING

MAGNETIC CHARGING

WARRANTY

From the date you purchase your product, we provide a 1 year warranty. Once this period ends we have no obligation to send you a replacement item, even if other replacements have been sent within this 1 year period.

Please visit <https://girlsgetoff.com/policies/terms-of-service> to familiarise yourself with our terms and conditions.

READY TO RIDE THAT O-TRAIN, GIRL?

Polly takes around 2 hours to charge fully. As soon as she arrives, connect the provided charger cord into any USB port you have. Avoid any non-manufacturer approved chargers as they may damage Polly and we know you don't want to run that risk, girl. While charging, Polly's LED light will blink and remain on once fully charged to let you know she's ready to play.

ONCE POLLY IS CHARGED (yass!)

To use, push and hold the on/off button for 2 seconds. To change the vibration frequency and pattern press the on/off
