Team Play

For faster, more active games, we suggest trying “team play,” which is not in the original set of rules, but is a ton of fun. With more than 5 people, play with teams as outlined in the table below. Team flip cup and quarters challenges should be played as relay races, and each player should get a try during pong challenges.

Total # of Players	# of Teams	Players per Team
3	3	1
4	4	1
5	5	1
6	3	2
7	4	2*
8	4	2
9	3	3

*One player will be by themselves and go twice during challenges

Group Challenges: If you finish first, that is a win. If you finish last, that is a loss.

Cards

- Wildcard: Your choice of flip cup or quarters.
- Choose Your Challenger: You choose who you would like to play against. The person/team you choose may decide to play either flip cup or quarters.
