*(Decals not included)*

**Sports Car Variety Pack, 4/pk**  
#51015 \$16.50

Loco Masters are conversion kits for existing N-scale steam locomotives. These kits provide high quality locomotives at a reasonable price. Two types of kit are offered: the "total conversion" kit complete with super detailed shell and a different tender (if its called for); and the "prototype-specific makeover" with a large assortment of detail parts such as pumps, feed water heaters, headlights, and plumbing. The kits all include decals, etchings, and illustrated instructions.

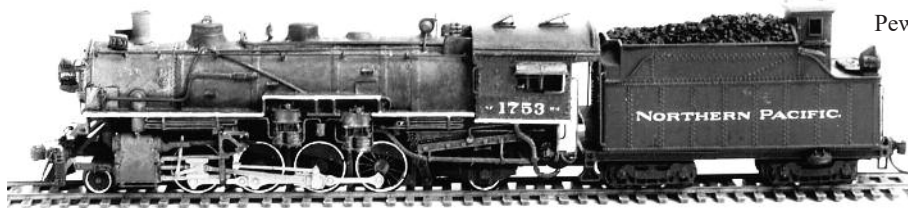

# LOCO MASTERS

S E R I E S

**LIMITED RUN!**

**MILWAUKEE ROAD F-7 HI-AWATHA 4-6-4 HUDSON**  
Conversion kit for the Con-Cor 4-6-4 Hudson kit, not included.  
Polyresin body, pewter and brass details.

**#55028 \$30.50**

**90 TON DEPRESSED CENTER FLAT CARS - Twin pack**  
Trucks and couplers not included.  
**#50006 \$21.99**

**LIMITED RUN!**

*Finished 1938 Parlor-Observation "Beavertail"*

**1942 MILWAUKEE ROAD HIAWATHA CARS**

Arguably the most beautiful American passenger train! These kits make it possible to create the 1942 Hiawatha: the 1939 converted cars; RPO; baggage express cars; and all new '42 cars. Each kit includes brass etched car sides, pewter castings of roof details, and under-body housings (even the famous "beaver tail"), decals, and illustrated instructions. Designed for use with American Limited Passenger Car Core Kits (not included). Less trucks and couplers.

**Individual Hiawatha Car Kits - \$16.50 each**

**ATMOSPHERICS PAINTS**

"Atmospherics" liquid acrylic paints are specially formulated for use with GHQ miniatures. The colors are purposely "pastelled" (paled) to replicate the effect of objects appearing lighter when observed from a distance, through the atmosphere.

**FAIRMONT SPEEDER**  
**#50007 \$9.75**

Acrylic paints blend easily and are water-soluble; they also dry quickly. Clean up just takes soap and water! See our full line of paint colors at [ghqmodels.com](http://ghqmodels.com).

**1 oz. jars \$4.99 each**
