The Tulisan Originals Collection is where our team debuts new concepts and fresh designs. The Originals line is home to our narrative works. Each print features a unique cast of characters, an eccentric setting, and includes a short story. With an emphasis on dreams and love, Tulisan Originals are for anyone who enjoys whimsical storytelling and contemplative prints.

My name is Miss Caj, white-furred with big eyes. I enjoy sitting in front of the window of one of the Peranakan houses in the Kampong Glam area—a historic district in Singapore filled with unforgettable corners. This district was once the village where ancestors of Wong Jawa [Javanese folks] travelled and settled since the pre-colonial era. At the time, ports throughout the East Indies became the world trading centres with plural communities from Polynesia, China, Arabia, and Europe. The rising demand for indigo, coffee, sugar, and other spices became the primary root of colonialism, bringing about slavery, segregation, and racism. Colonialism in the 19th century exploited massive natural resources in this area and hindered any progress in cultivating indigenous knowledge. Today, the remnants of colonialism in the modern paradigm, which still cause epistemic injustices, can only be dismantled by reshaping the narrative of pre-colonial Southeast Asia. In this very spot, on this beautiful balcony that I witness, various fragments of history and personal journeys of different people can reflect a vibrant cultural tapestry that is undivided by race or specific beliefs.

Hand-printed serigraphy textiles on unbleached (chlorine-free) cotton canvas, using eco-friendly water-based inks. For the handbags and accessories category, unless otherwise noted, each textile is protected with water-resistant Poly-Urethane coatings. This interior lining is a highly durable water-repellent fabric, created using the most advanced technology from recycled PET bottles and post-consumer materials. Every piece is handmade with fair, sustainable, and ethical practices.

KEPING

Identity is an ongoing exploration process and not an inherent prerogative from birth. Every artist understands that this process involves embracing uncertainty and a determination to dissect our own flaws with an open heart. This topic always intersects with the history of one's birthplace, intricately woven through interplaying narratives between truth, imagination, and borrowed tales from other cultures. The "Keping" Prints Edition is a visual semiotic excerpt from the Original artwork of "Miss Caj," illustrating a way of evaluating these storytelling fragments as investigative material that needs to be frequently dismantled and recontextualized, to find an authentic voice.
