# THE ARTIST

Melissa Sunjaya is an experienced designer who holds a degree in Visual Communication Design from the Art Center College of Design in the United States. Before creating Tulisan, she led Bluelounge Design, a creative studio that worked with international clients including Panasonic and Uniqlo. After returning to Jakarta in 2006, Melissa delved into traditional printing methods such as batik and screen printing, nurturing her interest in handmade products. With courage and creativity - in her home garage, she embarked on her creative journey by buying surplus export fabric and manually creating her first products - napkins, aprons, and pillowcases. Melissa's inspiration to combine illustration with everyday products has created a unique legacy of art and craftsmanship at Tulisan.

Hand-printed serigraphy textiles on unbleached (chlorine-free) cotton canvas, using eco-friendly water-based inks. For the handbags and accessories category, unless otherwise noted, each textile is protected with water-resistant Poly-Urethane coatings. This interior lining is a highly durable water-repellent fabric, created using the most advanced technology from recycled PET bottles and post-consumer materials. Every piece is handmade with fair, sustainable, and ethical practices.

# AJITA

Melissa Sunjaya reframes the history of the unyielding spirit of female noble knights in Java from the 18th to the 19th centuries through an assemblage of symbolic flowers known as 'Ajita'. Derived from an ancient Javanese word meaning "The Unconquered", 'Ajita' embodies the resilience and strength of these women. However, the intellectual ability and power of Javanese women in ancient times risk being erased from our collective memory if we do not retell their stories. With the spirit embodied in the essence of 'Ajita', women today are inspired to relentlessly advocate for their rights, refusing to relent in their endeavors and emerging as formidable individuals in their respective fields.

*tulisan*<sup>TM</sup>

# AJITA

'Ajita' is depicted in "The Unremembered" scarf, inspired by the book 'Perempuan-perempuan Perkasa' [The Invincible Women] by Peter Carey and Vincent Houben. The female noble knights of Java who lived between the 18th and 19th centuries embodied a different notion of femininity compared to today. Women in the Javanese court played instrumental roles in shaping our affluent civilization during the pre-colonial era. They were proficient in warfare, literature, economics, politics, and the arts. The symbolic flowers portrayed in Ajita embody the strength of these women and serve as a tribute to them, inspiring women of today.

Melissa had to find many references because female soldiers were simply not visible in the archives of Javanese court uniforms. Her approach involved playful experimentation with textures and recontextualising the distinctive colonial art style to create new authorship.

# BIEN STRAPS

Melissa designed the Bien Strap as a bag or accessory strap, using a belt fabric specially made by YKK Indonesia for Tulisan in 2012. The herringbone texture on the belt surface provides comfort with a luxurious and sporty feel. Today, the Bien Straps come in various colours and lengths. Furthermore, our Bien Straps are known for using Tulisan's distinctive hook structure that is strong and durable. This metal clasp became Tulisan's speciality. We also offer chain straps in gold, chrome, and gunmetal finishings for optional styling.

To celebrate this creative development, Melissa designed a unique strap packaging in a vintage matchbox style adorned with her signature rooster drawing, as a rooster symbolises power in Java. With this new packaging, the Bien Strap can be a memorable gift for someone special during this year-end holiday season.
