TULISAN AIR 2020 (TULISAN Artist In Residence) is a program dedicated to creating a sustainable cycle of art edition for inspiring artists. Our core objective is to support and nurture the artist's potential during this residency period. We curate the artwork to manifest a collection of limited edition prints, from Giclée to other wearable art pieces which light our homes and delight our souls.

Farand Rasyid Hazfanur is a gifted young painter with a Cerebral Palsy disability. Cerebral Palsy does not prevent Farand Rasyid Hazfanur from augmenting his talents in contemporary art. This birth condition prompts severe life challenges. Farand endures disabilities in mobilising almost all of his body parts and in speaking. Despite these difficulties, Farand discovers his passion for painting. He became a Tulisan artist in residence in 2020.

BIEN STRAPS

Melissa designed the Bien Strap as a bag or accessory strap, using a belt fabric specially made by YKK Indonesia for Tulisan in 2012. The herringbone texture on the belt surface provides comfort with a luxurious and sporty feel. Today, the Bien Straps come in various colours and lengths. Furthermore, our Bien Straps are known for using Tulisan's distinctive hook structure that is strong and durable. This metal clasp became Tulisan's speciality. We also offer chain straps in gold, chrome, and gunmetal finishings for optional styling.

To celebrate this creative development, Melissa designed a unique strap packaging in a vintage matchbox style adorned with her signature rooster drawing, as a rooster symbolises power in Java. With this new packaging, the Bien Strap can be a memorable gift for someone special during this year-end holiday season.
