*"Love opens our hearts and minds to unlimited possibilities
Love is the only reason for our existence
Love is a universal gift that does not choose sides
Love is my unconditional gift to you"*

...

'Embun Kecil' is a hand-screened collection of canvas totes. It has become one of the most coveted art by Tulusan's collectors. This edition is an illustrated fragment of 'Sound of Dawn', a visual essay which examines the concept of radical self-love. This sensual prose is about a spiritual awakening to discover bliss within ourselves. In the spirit of impressionism, the artist extrapolated her prose and created a modern floral textile to convey a bold sense of vigour and innocence.

Hand-printed serigraphy textiles on unbleached (chlorine-free) cotton canvas, using eco-friendly water-based inks. For the handbags and accessories category, unless otherwise noted, each textile is protected with water-resistant Poly-Urethane coatings. This interior lining is a highly durable water-repellent fabric, created using the most advanced technology from recycled PET bottles and post-consumer materials. Every piece is handmade with fair, sustainable, and ethical practices.
