TITIK* KOMA MANIFESTO

- (1) Kami lupa umur dan tidak banyak bacot.
- (2) Kami tidak paham dengan suara dan opini negatif. Sebaliknya, kami sangat paham dengan ruang negatif.
- (3) Kami pusing dengan yang mencong dan ragu-ragu. Presisi adalah mutlak.
- (4) Kami hidup demi kebersihan dan ketegasan. Untuk ini, kami melatih mental dengan repetisi.
- (5) Kami percaya dengan segala kemungkinan.
- (6) Kami bergerak di antara titik, koma, tanda petik, dan simbol. Aksara lainnya tidak ada di kamus kami.
- (7) Kami peduli dengan hal sepele untuk menjadi indah.
- (8) Kami tidak punya makna untuk disampaikan, karena kami mau bermain sepuas jiwa.
- (9) Hal-hal yang belum diatur akan dibahas oleh generasi penerus yang hidup di luar angkasa.

JUNCTION BAG

The minimalist shape takes inspiration from postmodernism styles. Included with a large Bien Strap of 110 cm, our Junction Bag is a medium-sized, compact cross-body sling. In addition, it has convenient compartments for storing your daily essentials, such as a smartphone, wallet, and personal sanitation set.

JUNCTION BAG

This Junction Bag is a brand new design in September 2021, featuring the Originals Edition ‘Titik Koma’ collection by Melissa Sunjaya.

Hand-printed serigraphy textiles on unbleached (chlorine-free) cotton canvas, using eco-friendly water-based inks. For the handbags and accessories category, unless otherwise noted, each textile is protected with water-resistant Poly-Urethane coatings. This interior lining is a highly durable water-repellent fabric, created using the most advanced technology from recycled PET bottles and post-consumer materials

Tulisan has been publishing hand-printed serigraphy textiles and converting them into limited-edition luxury bags and accessories since 2010. Our collections are hand-crafted in the traditional way in Indonesia using sustainable methods and ethical practices. Our hand-made production is certified by the Bluesign® system. Bluesign® Swiss system is a strict screening designed to monitor the responsible use of resources, clean work processes, wastewater management, healthy air ventilation, and safety procedures for the workers as well as a safe final product for the consumer.
