tulisan™

Hand-printed serigraphy textiles on unbleached (chlorine-free) cotton canvas, using eco-friendly water-based inks. For the handbags and accessories category, unless otherwise noted, each textile is protected with water-resistant Poly-Urethane coatings. This interior lining is a highly durable water-repellent fabric, created using the most advanced technology from recycled PET bottles and post-consumer materials. All the zippers of our DASA collection use YKK NATULON®, also made from recycled post-consumer materials. Every piece is handmade with fair, sustainable, and ethical practices.
