ÉTUDES {X}

DASA

2020

Melissa Sunjaya

tulisan™

Étude is a short musical arrangement, usually for a specific instrument, designed as practice material for improving a particular musical skill. 'Étude5' is a visual study based on a contemporary musical technique by Arnold Schoenberg, also known as 'Serialism'. It is a composition system in which all notes are of equal importance. Using the same principle, 'Étude5' depicts an abstract arrangement where each colour proposes a unique voice, yet parallel in values. It requires a sensitive sensory experience to take pleasure in this composition.

Hand-printed serigraphy textiles on unbleached (chlorine-free) cotton canvas, using eco-friendly water-based inks. For the handbags and accessories category, unless otherwise noted, each textile is protected with water-resistant Poly-Urethane coatings. This interior lining is a highly durable water-repellent fabric, created using the most advanced technology from recycled PET bottles and post-consumer materials. All the zippers of our DASA collection use YKK NATULON®, also made from recycled post-consumer materials. Every piece is handmade with fair, sustainable, and ethical practices.
