Adorned with embroidered calligraphy, THE STENOGRAPH SERIES is our collector's edition which reflects Javanese philosophy. We created this hand-pulled serigraph in a limited run, through sustainable and ethical practices in Indonesia. Every artwork is signed and numbered, with a certificate of authenticity. The first edition of our STENOGRAPH bag features artwork 'Suwung Pamrih, Tebih Ajrih', opus no. 1910.

Our Stenograph Bag is a tall, boxy bag with a pair of short handles and a comfortable detachable sling (90 cm). The design inspiration of this bag came from stenography, a short-hand writing technique in journalism before the invention of a voice recording device. The method uses special symbols that shorten words or sentences to write swiftly and maintain confidentiality. The making of this bag requires great skill and patience since all sides of its cutting pattern feature unique illustrations. This tall, boxy bag comes with three inside compartments and one extra pouch.
