

83 Series - Brass & Rock

Precision and Quality

Precision and quality, fast rekeying, easy shackle changing, function convertibility and the development of the NANO PROTECT™ plating for extreme corrosion resistance are standard with the ABUS 83 Series 2.

Key Features - Brass

- Solid brass lock body (83/50: Chrome-plated)
- Hardened steel shackle with NANO PROTECT™ plating, also available in stainless steel and brass in different heights
- Patented “Z-bar” for 2-in-1 function: converts key-retaining to non-key-retaining and vice versa within seconds
- Can be keyed into many popular security keyways
- Easy shackle change

Key Features - Rock

- Body and shackle made from hardened steel with NANO PROTECT™ plating
- Patented “Z-bar” for 2-in-1 function: converts key-retaining to non-key-retaining and vice versa within seconds
- Can be keyed into many popular security keyways
