INTERACTIVE WATCH
- USER GUIDE -

1.1 Battery Recharging:

- Gently pull out the cover of the Micro-USB port on the right side of the watch.
- Insert the included Micro-USB cable (male end) into the Micro-USB port on the watch.
- Insert the end of the Micro-USB cable on your computer or to a standard USB power adapter.
- Once the connection is successful, you will see a battery-charging symbol appear on the watch screen.
- While the battery is fully charged, the charging icon will stop animating and the battery symbol on the screen will show full.
- When the battery is fully charged, disconnect the charger from the power adapter first, then disconnect the watch from the charger cable.
- The battery strength icon on the status bar will scroll until the device is fully charged.

Note: Please charge your watch before you use it. It takes approximately 1 hour to fully charge the battery.

Hard Reset Instructions:

Troubleshooting:

If your watch is not able to be fully charged or makes a sound that cannot be turned off, you require a hard reset.
Simply reset your watch by pushing a pin in the hole beside the USB port. You should hear a slight click which will force your watch and reset it. This should resolve your issue.
