

CLIENT AGREEMENT FORM

SELF-LOVE RECOVERY
institute
SelfLoveRecovery.com

DATE _____ NAME: _____

Prior to approval for Ross Rosenberg's Self-Love Recovery Program (SLRP) with Ross Rosenberg, you must agree to the following:

1. During the initial session, prospective clients are evaluated for Self-Love Deficit Disorder (SLDD), and if they can benefit from Ross Rosenberg's Self-Love Recovery Program (SLRP).
2. Having "self-love deficiency" is not the same as being having Self-Love Deficit Disorder. Numerous other mental health challenges include such a deficit.
3. Acceptance into SLRP is determined if a person is a codependent/Self-Love Deficient (SLD) as specified in "The Human Magnet Syndrome" book.
4. No intake will be considered if the applicant has not read "The Human Magnet Syndrome."
5. The Self-Love Recovery Treatment Program provides services to victims of childhood trauma if it is determined that SLDD is the primary clinical issue.
6. Although SLRP treats the trauma responsible for SLDD (codependency), it is not a generalized trauma treatment program.
7. Once Ross screens the client intake form, he then determines if the applicant may suffer from SLDD and will then be added to our waiting list.
8. Only one consultation appointment will be scheduled, during which Ross determines if the person has Self-Love Deficit Disorder (SLDD) and if they would respond well to the Self-Love Recovery Program.
9. Prior to the conclusion of the initial consultation appointment, Ross will share his assessment and recommendations.
10. If not accepted into the Self-Love Recovery Program, Ross will provide his assessment findings and treatment recommendations. No further appointments will be scheduled.
11. Ongoing sessions are not guaranteed if it is later determined that SLDD is not the primary mental health condition, or if the person can not, or will not, participate in the prescribed elements of the Program.
12. Credit card information is required to schedule a session. Exceptions may be considered.
13. Sessions must be paid at the conclusion of the session.
14. Sessions are 45-minutes in length and are billed at \$315 USD per session.
15. Insurance is not accepted. The Self-Love Recovery Institute can provide documents that may aid in the filing for the benefit.
16. A \$250 charge for missed/forgotten appointments or if not canceled within 24-hours of the appointment.
17. Self-Love Recovery Institute reserves the right to discontinue treatment for individuals who exhibit a pattern of cancellations, even if they are canceled more than 24-hours in advance.
