# Authentage

---

Since its founding in 2006, Authentage has established itself as a leading name in the lighting market. What began as a humble endeavor, with the assembly of indoor spotlights in an attic room, has blossomed into a brand synonymous with a wide range of **high-quality lighting products** for indoor and outdoor use. Our products are crafted with passion and skill at our current production site near Antwerp, Belgium. We craft each of our lighting fixtures **by hand**, making each piece a **unique work of art**.

Our collections reflect our commitment to **sustainable, high-quality materials** and **cutting-edge lighting technology**. Each of our designs exudes authenticity and integrity, reflecting our ethos of pure and honest design. We take great pride in providing our customers with **an exceptional level of service**, delivering **bespoke lighting solutions** that are truly one-of-a-kind.

---

# The Materials

Authentage is dedicated to producing lighting products that exceed expectations. We use only the **finest, high-grade raw materials** in our manufacturing process, including brass, which is closely related to bronze and renowned for its resilience and reliability. Brass can withstand even the most extreme weather conditions and is **corrosion-free**, making it an ideal choice for indoor and outdoor lighting applications.

We also incorporate other high-quality materials in select collections, such as wax, glass, and alabaster, to achieve **unique lighting effects**. Each material has its own distinct properties that we carefully consider and combine with our designs to create visually stunning and functional lighting products.

Raw Brass

# Indoor & Outdoor

Lighting is an essential aspect of any space, whether it's indoors or outdoors. That's why we offer a comprehensive collection of indoor and outdoor lighting fixtures to meet all of your lighting needs. Our collection is carefully crafted with the **highest quality materials** to ensure the durability and longevity of our products, no matter where they are placed. Whether you need lighting fixtures for your living room, garden, or any other space, our range of products has got you covered. From **modern designs to classic styles**, we offer a wide variety of options to suit any taste and preference. Choose Authentage for exceptional lighting solutions that will enhance **the ambiance of any space**.

# The Signature Collections

---

We believe in offering lighting solutions that not only illuminate a space but also enhance its ambiance and aesthetic appeal. Our collection encompasses **an array of styles and designs**, ensuring that there is something for everyone. From **classic to modern, industrial to rustic**, our collection has something for everyone.

At Authentage, you can discover a range of chandeliers, pendant lights, wall sconces, and table lamps, each carefully crafted with the finest materials and techniques to ensure that they not only look great but also function flawlessly. We offer **a variety of finishes**, including polished brass, brushed nickel, chrome and bronze, to complement any decor style.

For those who love the classic look of candles, our Bellefeu collection features wax or alabaster materials to imitate the timeless ambiance of flickering flames. These pieces are the epitome of elegance and will add warmth and charm to any space.

Balume on Wooden Pole  
AA+ Ontwerpbureau  
Picture by M. van Oosten

# Balume

These elegant and professionally designed luminaires have become somewhat of a classic in our range. Suitable for both indoors and out, they give your walls a warm and pleasing glow and diffuse an intimate, **indirect ambient light**. Their **sturdy components** ensure that these luminaires will stand up to anything the weather may throw at them.

Balume & Elégance

# Vitrine

**Cutting-edge workmanship with a retro look:** the handmade Vitrine collection in a nutshell! Minor irregularities and a range of subtle colours radiate a distinctive authenticity and enhance any interior. Easy to maintain, these lighting elements were designed with busy lifestyles in mind.

The Vitrine Petite collection is a variant that uses smaller and less powerful bulbs to guarantee you an instant, cosy feel. The deep bronze hues, artisanally customised to your wishes, add a touch of nostalgia. This collection harmonises beautifully with the "parent" Vitrine series.

Micro up & down

# Micro

Introducing our stunning external spotlight - **a true gem designed to bring your garden to life**. Perfectly illuminating your flowerbeds, specimen plants, or any other objects, our directional lighting adds an alluring shine that'll leave you breathless. With a **well-recessed light source**, our spotlight offers a subtle and minimalistic design, ensuring minimal dazzle.

Looking to switch things up? Our pin version is mobile and easily adjustable, allowing you to showcase the best features of your garden with ease. And that's not all - our comprehensive collection includes a mobile terrace version, a range of wall-mounted options, and an array of light sources to choose from. Trust us to provide you with the perfect lighting solution for your outdoor space.

Bellefeu® Vitrine Lantern & Lisible Fleure

# Bellefeu

Bathe your interior in the **warm and convivial atmosphere** of the collection. Our patented in-house technology with real, **wax candles**, offers a perfect replication of real candlelight. The pendant version features a superior-quality integrated LED strip that combines functionality and style for an exceptional lighting experience.

Our outdoor collection offers **alabaster or glass** candle options, each bringing a unique look to your outdoor spaces. Alabaster, a natural formed material, offers a delicate yet durable texture that provides a warm and soothing glow. On the other hand, the glass candle option offers a contemporary look that still retains the same inviting atmosphere. Whether indoors or outdoors, the Bellefeu® collection brings **the natural beauty of candlelight** to any setting.
