JUST ADD FRIENDS

The Tempo 4Fun has four front-facing seats for groups, and comes fully loaded with automotive styling and features that feel like upgrades. Available with a gas or electric engine.

Touchscreen and speakers included on electric Tempos with Shark Experience

Premium comfort seats

Bag cover with magnetic latch

Distinctive, modern automotive styling

Dual sand bottles

Cooler

Rust-proof aluminum frame

Sleek alloy wheels

EFI OVERHEAD CAM ENGINE

PERFORMANCE: Increased reliability, quieter valve train, reduced vibration, increased horsepower and improved fuel economy.

VALUE: The best warranty in golf means zero stress and excellent resale value.

COST OF OWNERSHIP: Lower operational, maintenance and fuel costs accrue year after year, repaying your investment in long-term returns. Tempo EFI has the lowest cost of ownership among typical four to five year fleet golf operations.

FUEL ECONOMY: Club Car's Tempo with EFI enjoys a 35% power boost over our previous gas engine while using 35% less fuel.

EFFICIENT: With energy costs high and getting higher, reducing consumption is the surest way to control costs.

RELIABLE: E.R.I.C. is constructed to handle whatever your staff and nature can dish out.

INTELLIGENT: Charger status lights, on-car dash light and audible alerts communicate the car is charging, the state of the charge cycle, battery state of charge and charger faults.

CONNECTED: Enjoy two-way communication via USB port, upload system updates and allow authorized Club Car technicians to download charger data.
