

RMS

INSTALLATION GUIDE

1

Remove side caps from the RAIL (Part A) and lay on a flat surface.

2

Partially screw BLACK DOWEL SCREWS (PART I) into METAL L BRACKET (PART H)

NOTE Note Fig A, all BLACK DOWEL SCREWS have the slit of the screw facing up towards you.

Fig. A

3

Slide METAL L BRACKET (PART H) into each track of the RAIL (PART A) Refer to Fig B.

Fig. B

4

Take the SIDE MOUNT (PART C) and slide into the METAL L BRACKET. Line up the SIDE MOUNT and RAIL. Once flush, you can then tighten BLACK DOWEL SCREWS.

Refer to Fig C.

NOTE The top RAIL should always be on top of the SIDE MOUNTS, not side by side. Refer to Fig C.

Fig. C

5

Repeat steps 2 through to 5 for the opposite side of the RAIL. Refer to Fig D

Fig. D

6

Remove the bottom side caps on the SIDE MOUNTS (Part C).

7

Place the SILVER SCREWS (Part D) into the 4 corresponding holes in the PLASTIC L BRACKET (Part B) Refer to Fig E.

Fig. E

8

Thread the NUTS (Part E) onto the SILVER SCREWS (Part D). NOTE Make sure the rounded end of the NUTS (Part E) are facing outward and thread onto the SILVER SCREWS (Part D) to appear as they do in Fig F.

Fig. F

9

With the wider end of the PLASTIC L BRACKET (Part B) slide all the NUTS (Part E) into the 2 tracks at the bottom of the SIDE MOUNT (Part C). It gets much easier once the first 2 nuts slide in. Refer to Fig G.

Fig. G

10

When you have achieved your desired height you may fasten the SILVER SCREWS inside the PLASTIC L BRACKET. Place the side cap back onto the end of the SIDE MOUNT (Part C) Cover them with the small BLACK STOPPERS (Part F). Refer to Fig H.

Fig. H

RMS

INSTALLATION GUIDE

11

Take the **BLACK SCREWS (Part I)** and partially screw into the 3 corresponding holes on the **L BRACKET**. You can then place the **LARGE BLACK STOPPERS (Part G)** on the ends of these **BLACK SCREWS**. Refer to Fig I.

Fig. I

12

Now you may carefully place your assembled mounting system onto your aquarium and fasten the **LARGE BLACK SCREWS (Part J)** onto the glass.

➔ Here are 3 way to use your Rail Mounting Systems on X4s, Pixels and Vitaminis.
