

## FIND YOUR RING SIZE

### METHOD 1 PRINTABLE RING SIZER

	<p><b>1</b> Print the template on a A4 paper and cut out the ring sizer. Ensure the size guides on paper are accurate 1:1 scale. Follow all cutting instructions.</p>
	<p><b>2</b> Slide the narrow end through the slit to create a loop with the numbers showing.</p>
	<p><b>3</b> Place the ring sizer on the knuckle and pull to fit the finger. The knuckle is usually the widest part on the finger. Ensure the ring sizer fit snugly, not too tight.</p>
	<p><b>4</b> Move the ring sizer up and down to ensure the ring can be worn nicely throughout the finger. The movement should be smooth and easy, without any pinch or resistance on the skin.</p>
	<p><b>5</b> The number that aligns closest to the line will be your size. If the measurement falls in between two sizes, it is recommended that you choose the larger size.</p>

If you are still unsure....

1. Drop us a video call to +65 8847 4808, and we will guide you slowly step by step.
2. Send us a photo of your hand and yourself for estimation.
3. Watch this youtube video <https://bit.ly/RingSizerSteps> \*
4. Send your own ring to us and we will find one that fits.
5. Remember that we allow an exchange +/- 1 size larger/smaller only for online purchases, so you can purchase with ease.

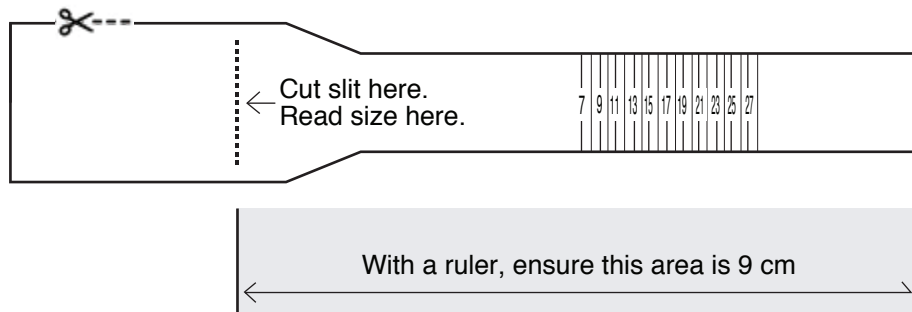

## FIND YOUR RING SIZE

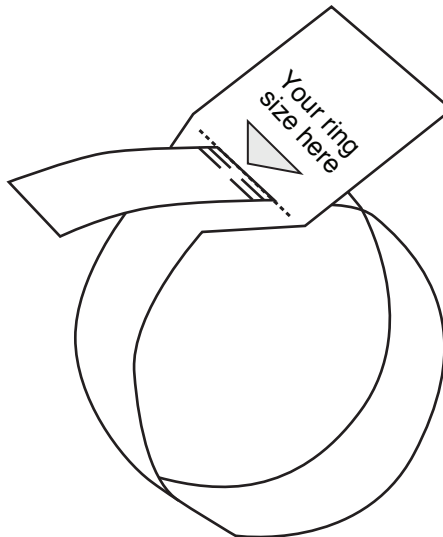

When printing, make sure page scaling is set to 100% for A4 paper. Please ensure the rulers on the left are exactly accurate on paper.

## RING SIZER TEMPLATE

Ensure the chosen size can be worn nicely and snugly throughout the finger. The movement should be smooth and easy, without any pinch or resistance on the skin.

## FIND YOUR RING SIZE

Rings that work best for this method are rings with flat surface, that allows it to lay flat nicely on the screen.

### METHOD 2 RING COMPARISON

**1 Find a ring you would like to size.**  
Choose a ring that fits snugly, but not tight. As every finger on each hand is a slightly different size, the ring you choose should be for the intended finger.

**2 Calibrate your screen size.** Match your credit card to the image size on the left nearest in size. If you are in doubt, it is suggested that you opt for a slightly larger size.

**3 Place your ring over the circles on the chart.** Match the inside of the ring to the nearest in size. If you are in doubt, it is suggested that you opt for a slightly larger size.

If you are still unsure....

2. Send us a photo of your hand and yourself for estimation.
3. Watch this youtube video <https://bit.ly/RingSizerStep2> \*
4. Send your own ring to us and we will find one that fits.
5. Remember that we allow an exchange +/- 1 size larger/smaller only for online purchases, so you can purchase with ease.

## FIND YOUR RING SIZE

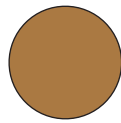

### RING COMPARISON

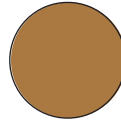

#### IF YOU **KNOW** YOUR SIZE

1. Place your ring on your monitor over the circle and ensure the inner circumference sufficiently covers the coloured area.
2. If in doubt, always order the larger size.
3. Note the size indicated as in "Size HK (number)" below the circle To find your ring size, measure your finger and then use the International Ring Size Chart to convert your size to the corresponding HK. size That is the size you should order.

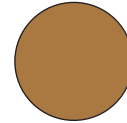

For example, a ring size of US 4.5 would be a HK. size 9. To obtain the correct size ring, you would order a HK size 9.

2. Send us a photo of your hand and yourself for estimation.
3. Watch this youtube video <https://bit.ly/RingSizerStep2> \*
4. Send your own ring to us and we will find one that fits.
5. Remember that we allow an exchange +/- 1 size larger/smaller only for online purchases, so you can purchase with ease.

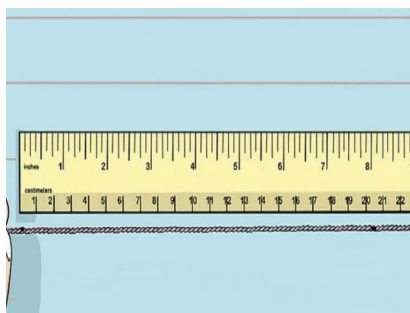

## FIND YOUR WRIST SIZE FOR BRACELET

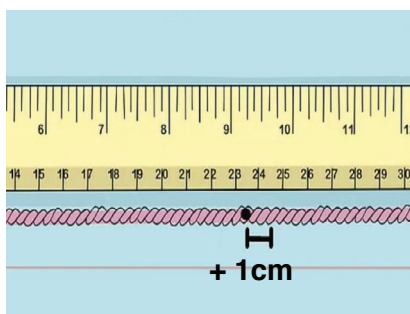

**1** Wrap a chain, paper, or flexible tape measure around your wrist on the desired area.

**2** Mark a point where it overlaps on your wrist. Make sure it fits snugly against your skin, not tight and not loose. This will be your base wrist size.

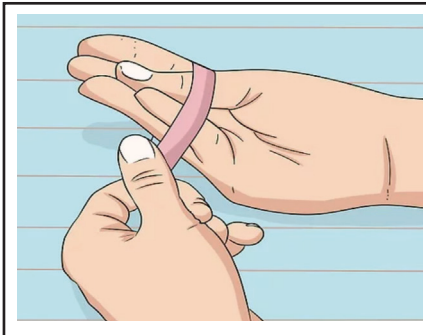

**3** Hold the chains or paper against a ruler to find the measurement. Stretch out the chains or paper so it is straight and accurate.

**4** Adding 1cm tolerance so the bracelet is not too tight and loose. This will be the final bracelet length you should order. Please note that all bracelets come with another 2cm jump rings extension for more flexibility.

## ADDITIONAL STEP TO FIND YOUR PALM SIZE FOR BANGLE

**5** For closed bangles, measure the widest point of your hand. Bring your thumb and little finger together. Mark the spot where the paper or chain meets snugly. Then measure against a ruler.

If you are still unsure....

1. Drop us a video call to +65 8847 4808, and we will guide you slowly step by step.
2. Send us a photo of your hand and yourself for estimation.
3. Watch this youtube video <https://bit.ly/WristSize> \*
4. Send your own ring to us and we will find one that fits.
5. Remember that we allow an exchange +/- 1 size larger/smaller only for online purchases, so you can purchase with ease.

## FIND YOUR NECKLACE SIZE

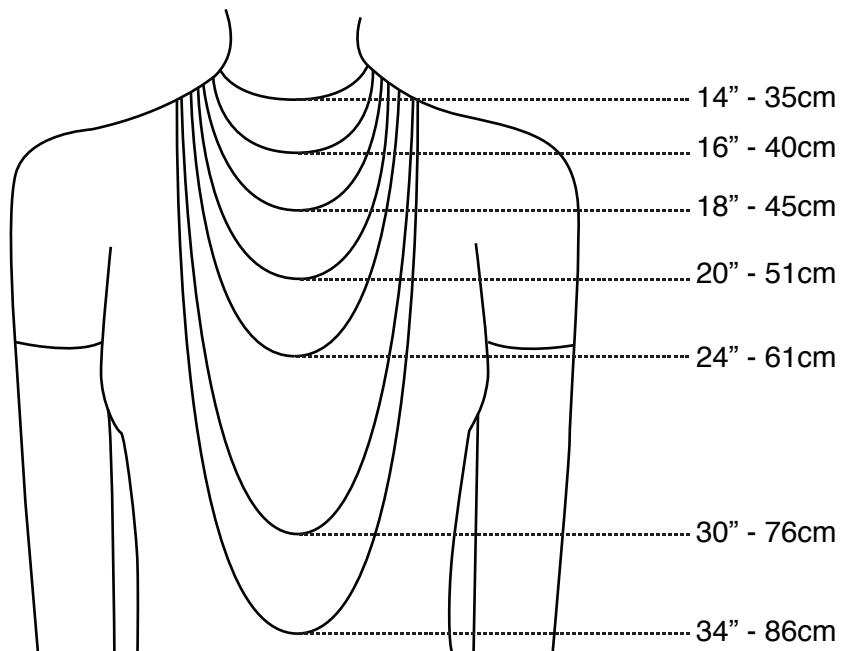

**AUTIUM  
JEWELLERY**

### STANDARD NECKLACE LENGTH GUIDE

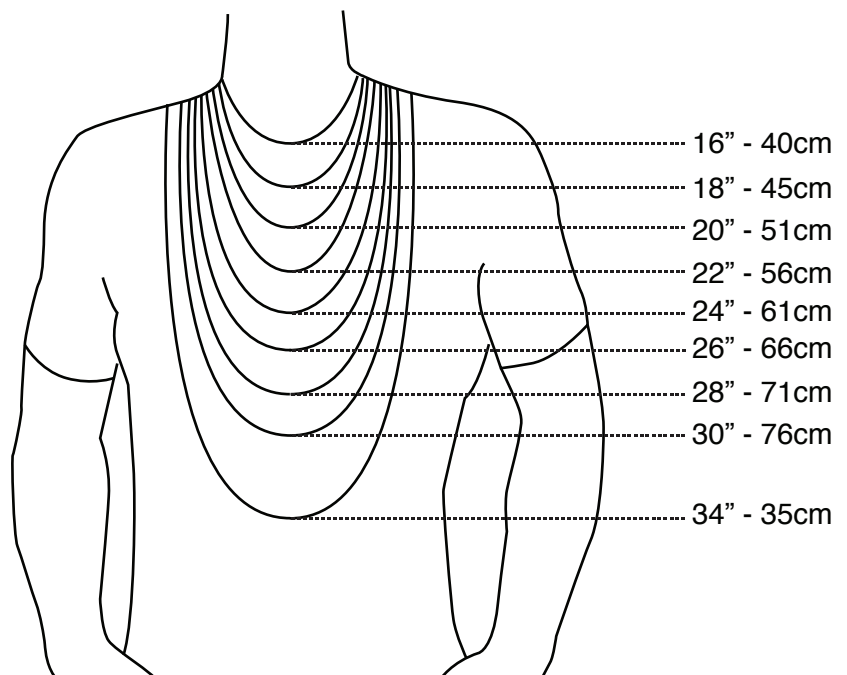

Follow these standard guides to determine which length that you prefer for your necklace.

What is shown on the image may differ than your actual size due to each person's neck size. Please do use a chain to measure exactly the length that you prefer.
