

2015 Elephant Hill Rosé

Located in Hawke's Bay, our vineyards enjoy a temperate, dry climate and an extended growing season allowing us to grow wines that display wonderful fruit purity and elegance.

The 2015 Rosé is a blend of 92% Tempranillo from our Triangle Vineyard and 8% Syrah from our Te Awanga Vineyard. After hand-picking the grapes were very gently whole bunch pressed and the juice spent no time on skins. The Tempranillo was then fermented in stainless steel tank at a cool 16c with the Syrah fermented in oak.

Rosé to us is all about freshness, flavour and colour and the 2015 is an excellent example of this. Crisp and dry with subtle minerality and bright fruit characters balanced with lovely fresh acidity. It is a perfect wine to enjoy as an aperitif and will match a wide variety of foods like antipasti, salads, seafood and paella.
