

# MBA Green™

# About us

With a worldwide presence, **MBA Green** has ten years of expertise in the field of sustainable packaging.

**Manufacturing, development and distribution** on a global scale is our core business.

With specialized business practices and **focusing on quality**, our company is consolidated **around the world**.

**Technology and innovation** are put together to create efficient and cost effective solutions in order to help with your growth while **taking great care of our planet**.

**MBA** has helped many businesses with their operations, results are always the same; remarkable evolution in their field, creation of jobs and turnover increase.

Our **highly experienced team** goes through every quality process before, during and after the packaging gets to your hands.

Your needs are now ours.

Welcome to one of the **most innovative and reliable packaging companies in the world**.

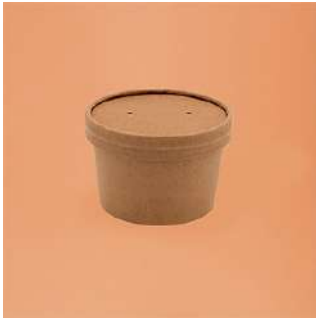

# Bowls

These takeaway containers are fully sustainable and compostable. Indicated for both hot and cold foods.
