To remove the watch (container):

1. At the bottom of the watch case below 6 o'clock position, there is a tiny notch between the watch case and the silicon ball.
2. To remove the watch, use a very flat and pointed instrument (ideally from wood or plastic). Insert this tool into the notch. Lift it gently and remove the watch from the ball.

Pour enlever la montre (conteneur):

1. Au pied du boîtier de la montre au dessous de la position 6 heures se trouve une encoche fine entre la montre et la boule en silicone.
2. Pour enlever la montre, utilisez un outil très plat et pointu. Insérez cet outil dans l'encoche et soulevez-le doucement et séparez ainsi la montre de la boule.

Uhr / Container herausnehmen

1. Unten bei 6 Uhr befindet sich eine kleine Kerbe
2. Fahren Sie mit einem sehr flachen, spitz zulaufenden Gegenstand (idealerweise aus Kunststoff oder Holz) in diese Kerbe. Heben Sie den Gegenstand leicht und lösen Sie die Uhr aus dem Siliconball.

Per togliere l'orologio (contenitore):

1. Al piede della cassa dell'orologio si trova una piccola intaccatura entro l'orologio e la pallina di silicone.
2. Per separare l'orologio dalla pallina è raccomandato di utilizzare un oggetto molto piatto ed appuntito di legno o plastica. Inserilo nell'intaccatura e sollevilo leggermente separando così l'orologio dalla pallina di silicone.
