

MUST READ - IMPORTANT INFORMATION

Visit our website, www.rechargepc.com/blogs/help for setup-guides, return policy, technical support information, and much more.

Digital Product Keys

Recharge PC LLC has moved to Digital Product Keys as of January 2021. Digital Product Keys are associated with your hardware and linked to your Microsoft account, which is created upon the initial start up. There will no longer be a physical COA / Product Key on your machine.

You are no longer required to enter in a product key. The product key is fully embedded into your PC before it leaves our facility. Your PC is fully activated upon arrival, **there is nothing else you need to do to activate your PC.** You can verify Windows is activated by going into the Activation Settings of your PC.

We would love to hear your feedback!

If you're happy with your purchase, please leave a 5-Star review. Leaving positive reviews directly impacts our small-business, and allows us to continue to grow and support our community.

We have a monthly drawing for a \$25 Amazon Gift Card for all positive feedback received in the month. All positive reviews mentioning Recharge PC will be entered in the drawing. The winner will be announced the third business day of the new month on our website and social media.
