

## Cooking Instructions:

All our ready meals are pre-cooked and then frozen.

The ready meals should be re-heated until 'piping hot'.

The containers they are served in are both oven-able and microwavable.

### Cooking in the Oven:

You should remove the film from the top of the meal.

Place in a pre-heated oven at a temperature of 180-200 heat until piping hot (approx. 20-30 Minutes).

### Cooking in the Microwave:

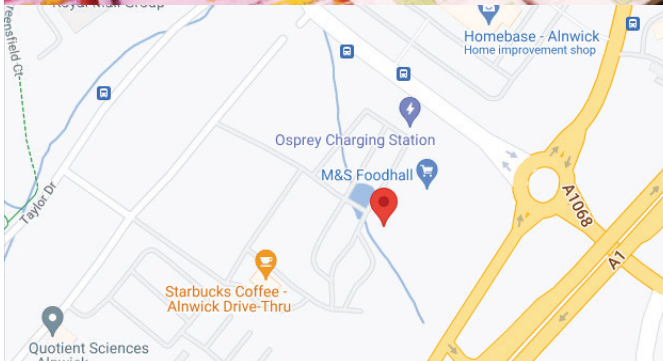

Pierce the film several times.

Heat until piping hot (approx. 3-5 minutes depending upon microwave wattage and meal size).

**Please ensure Frozen Meals are thoroughly defrosted before cooking.**
