TACMED™ BLEEDING CONTROL KIT

This compact kit has a well laid-out interior that allows easy access to the components inside. It can be easily stored in places such as a car, backpack, office drawer, or cabinet at home. The included instructions prioritize which injuries to treat with the appropriate components. The instructions detail how to treat oozing dark red blood with direct pressure using the gauze and hemostatic agent if your kit includes one.

YOUR EQUIPMENT SHOULD **NEVER** BE A COMPROMISE.
