

Safety Data Sheet

Infosafe No™ 5GEP4 Issue Date : October 2017 Status : ISSUED

Product Name **SEALBRITE**

Classified as hazardous

1. Identification

GHS Product Identifier SEALBRITE
Product Type Vehicle polish
Company Name Cargroomers International Trust
Address 10 Binary Street YATALA
QLD 4207 Australia
Telephone/Fax Number Tel: (07) 3807 7577
Emergency phone number (07) 3807 7577
Additional Information NZ Contact:
J.A.W Ltd
87 Barrys Point Road
Takapuna
Auckland 0622
Ph 09 2159743
Fax 09 4887000

2. Hazard Identification

GHS classification of the substance/mixture Classified as Hazardous according to the Globally Harmonised System of Classification and labelling of Chemicals (GHS) including Work, Health and Safety regulations, Australia
Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)
Aspiration Hazard: Category 1
Flammable Liquids: Category 4

Signal Word (s) DANGER

Hazard Statement (s) Combustible liquid.
May be fatal if swallowed and enters airways.

Precautionary statement – General Keep out of reach of children.

Pictogram (s) Health hazard

Precautionary statement – Prevention Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
Wear protective gloves/protective clothing/eye protection/face protection.

Precautionary statement – Response IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
Do NOT induce vomiting.
In case of fire: Use water fog or fine water spray for extinction.

Precautionary statement – Storage Store in a well-ventilated place. Keep cool.
Store locked up.

Precautionary statement – Disposal Dispose of contents/container to an approved waste facility.

3. Composition/information on ingredients

Ingredients	Name	CAS	Proportion
	Naptha (Petroleum), hydrotreated heavy	64742-48-9	10-30 %
	Low Aromatic White Spirit	64742-82-1	>0-<10 %

Safety Data Sheet

Infosafe No™ 5GEP4	Issue Date : October 2017	Status : ISSUED
--------------------	---------------------------	-----------------

Product Name **SEALBRITE**

Classified as hazardous

Ingredients determined to be non-hazardous at the formulation concentration to 100%

4. First-aid measures

First Aid Measures If poisoning occurs contact a doctor or Poisons Information Centre Phone Australia 131126, New Zealand 0800 764 766.

Inhalation Remove victim from exposure if safe to do so. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume a comfortable position and keep warm. Seek medical advice if symptoms persist.

Ingestion Do NOT induce vomiting. Wash mouth out with water. Give water to drink. Seek medical advice.

Skin Wash skin with plenty of water. Remove contaminated clothing and wash before re-use. Seek medical advice (e.g. doctor) if irritation develops.

Eye contact Hold eyelids open and irrigate continuously with water for 15 minutes. Seek medical advice.

First Aid Facilities Use should be made of an on-site approved first aid kit if required in the first instance until medical assistance is forthcoming. Potable water should be available to rinse eyes or skin.

Advice to Doctor Treat symptomatically. Show this S.D.S. to the medical practitioner.

5. Fire-fighting measures

Suitable extinguishing media Combustible liquid. Avoid heat and all ignition sources. Use only in well ventilated areas. Prevent build-up of flammable vapours. Consult further information on safe storage and handling of hydrocarbon liquids. Handle in accordance with state or territory regulations for hydrocarbon liquids. Use water fog to extinguish, or in the absence of water fog, a fine spray may be used.

Hazards from Combustion Products Closed containers exposed to high temperatures, such as fire conditions may rupture. Vapours may form explosive mixtures with air. Use water sprays to cool fire exposed surfaces and any adjacent storage vessels. Shut off source of product if safe to do so. Remove sources of re-ignition. Wear a breathing apparatus when attending fire hazard.

Special Protective Equipment for fire fighters Fire fighters to wear full body protective clothing with breathing apparatus. Deluge with water to cool containers. Evacuate area move upwind of fire.

6. Accidental release measures

Spills & Disposal Ensure adequate ventilation. Slippery when spilt. Contain spill with sand or earth. Gather up absorbent for disposal according to regulations. Avoid concentrated spillage from entering drains or watercourse. Do not allow to enter storm water drains, or water courses. Remove for disposal in accordance with local waste management. Use suitable containers for disposal.

Personal Protection Refer to Section 8 of this SDS.

Environmental Precautions Dispose of in accordance with local, state, and federal regulations.

7. Handling and storage

Precautions for Safe Handling Store in cool well ventilated area away from heat and ignition sources. Containers should always be kept closed in storage and properly labelled. Avoid contact with oxidising agents and mineral acids. Store only in original or approved containers. Harmful or fatal if swallowed! Avoid contact with eyes and skin. Avoid breathing vapors. Do not flame, cut, braze weld or melt empty containers. Keep the product away from heat, open flame, and other sources of ignition.

Additional information on precautions for use Always use clean and dry equipment to dispense the product. Dispensers should be cleaned before and after use. All dispensers should be washed out after use.

8. Exposure controls/personal protection

Safety Data Sheet

Infosafe No™ 5GEP4	Issue Date : October 2017	Status : ISSUED
--------------------	---------------------------	-----------------

Product Name **SEALBRITE**

Classified as hazardous

Occupational exposure limit values	No value assigned for this specific material by Safe Work Australia. In the absence of data from Safe Work Australia use - Mineral Spirits 150-200 HSPA: 350mg/m ³ TWA (8hr)
Appropriate engineering controls	Keep away from sources of ignition. Take precautionary measures against static discharges. Provide sufficient ventilation to control exposure levels below the exposure standards. Use local exhaust ventilation at sources of air contamination such as open process equipment. Dangerous concentrations may exist in areas with poor ventilation such as confined spaces.
Personal Protective Equipment	Avoid skin and eye contact. Avoid inhaling the vapour or mist. Follow normal industrial safety practices. The use of protective clothing and equipment depends on the degree of exposure. The following personal protective equipment should be used: (1) Safety glasses, goggles or faceshield as appropriate, (2) PVC or nitrile gloves, (3) Chemical resistant safety shoes or boots, (4) Overalls or similar protective apparel. Use organic filter or airline respirator if a risk of overexposure exists. Wash hands, and face thoroughly after handling and before work breaks, eating, drinking, smoking and using toilet facilities. Where applicable refer to the following standards: AS/NZ3 1337 Eye protectors for industrial applications. AS 2161 Industrial safety gloves and mittens. AS 2210 Safety footwear. AS 3765 Clothing for protection against hazardous chemicals. AS 1715 Selection, use and care of respiratory protection devices. AS 1716 Respiratory protection devices.

9. Physical and chemical properties

Form	Liquid
Appearance	Opaque orange coloured liquid
Boiling Point	Not available
Solubility in Water	Dispersable in water
Specific Gravity	0.90 g/ml (approx)
pH	None allocated
Flash Point	> 61C
Flammability	C1 Combustible liquid
Flammable Limits - Lower	0.6%
Flammable Limits - Upper	7.0%

10. Stability and reactivity

Chemical Stability	Stable under normal conditions of use.
Conditions to Avoid	Open flames, sparks and excessive heat.
Incompatible Materials	Strong acids, strong alkalis and oxidising agents.
Possibility of hazardous reactions	This material is stable under normal conditions of storage and use.
Other Information	Store in a cool, dry place. Use only as directed. Store in accordance with directions given in Section 7 (Handling and storage) of this SDS.

11. Toxicological Information

Ingestion	May cause discomfort, nausea, diarrhoea and vomiting.
Inhalation	Irritant to the nose and respiratory tract, headaches and nausea. Due to the physical form of the product it is not expected that the exposure standards listed will be exceeded. Shaking the dried material from cloths may produce dust which will contain kaolin. Inhalation of this dust may cause difficulty in breathing. It can cause coughing, wheezing and possible long term damage to the lungs.
Skin	Contact may cause skin irritation and/or dermatitis. Seek medical advice if allergic reactions develop.

Safety Data Sheet

Infosafe No™ 5GEP4 Issue Date : October 2017 Status : ISSUED

Product Name **SEALBRITE**

Classified as hazardous

Eye Contact with eyes can cause irritation, redness, tearing, blurred vision, and/or swelling. Dust generated while using this product contains abrasive material which can cause irritation of the eyes.

Chronic Effects No long-term exposure effects are known.

12. Ecological information

Ecotoxicity No data is available on the product itself. Avoid contamination waterways.

13. Disposal considerations

Disposal Considerations Remove for disposal in accordance with local waste management regulations.

14. Transport information

Transport Information Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail or NZS 5433:1999 Transport of Dangerous Goods on Land.

15. Regulatory information

Poisons Schedule S5

HSNO Approval Number HSR002525

AICS (Australia) All ingredients listed

Other Information NZ Classification: Cleaning Products (Combustible) Group Standard 2006. Acute Toxicity (Dermal) 6.1E, Flammable (Low Hazard) 3.1D

16. Other Information

Other Information Issue 3
Reason for revision: Add NZ classification

DO NOT MIX WITH OTHER CHEMICALS WITHOUT PRIOR CONSULTATION WITH THE MANUFACTURER. Always use product as directed. Never return any unused material to original drum.

Every endeavour has been made to ensure that the information contained in this publication is reliable and offered in good faith. It is meant to describe the safety requirements of our products and should not be construed as guaranteeing specific properties. Customers are encouraged to conduct their own tests as end user suitability of the product for particular uses is beyond our control. The information is not intended as an inducement to bargain and no warranty expressed or implied is made as to its accuracy, reliability or completeness. Cargroomers International Trust accepts no liability for loss, injury or damage arising from reliance upon the information contained in this data sheet except in conjunction with the proper use of the product to which it refers. Due care should be taken that the use and disposal of this product is in compliance with appropriate Federal, State and Local Government regulations.
