Aqua Foam Polish

Description:

Aqua Foam Polish is a premium rinsing, foaming detergent designed for tunnel wash and rollover systems and self-serve systems. It delivers a thick, rich, creamy foam in a formula fortified with wetting agents and lubricants to increase the lubricity and density of the foam. This biodegradable cleaning solution is suitable for both single cycle and reclaim type operations and compatible equipment used in self-serve car washes. It creates extra beading ability and fast water break. It is a highly concentrated, fragranced foaming agent.

Directions for Use:

Dilute with Water in ratio of 1:100 to 1:400. Adjust concentration to maintain the desired foam.

Technical Data

Form: Liquid
Appearance: Colourless, blue, red or yellow liquid
Boiling point: 100°C (approx.)
Solubility in water: Soluble
Specific Gravity: 1.00 g/ml (approx.)
pH: 7.5-8.5
