

Orange Kids Music Annual Streaming Master Use License

Orange Kids Music, a Division of The reThink Group, Inc is excited to partner with you in reaching kids and families online—with music that is filled with fun and faith, that helps shape character and voice a heart of worship. Please see your invoice/receipt for the dates of your Orange Kids Music Annual Streaming Master Use License.

From the time of license purchase you have the following provisions for 365 days for your church/school/camp online services and programming for kids. This license does not cover other broadcast companies, apps and programming, TV distribution, or similar.

Orange Kids Music media masters includes: song audio, lyric videos, dance moves and music videos. **This applies exclusively to songs and videos you have purchased and have group viewing permissions for.** Whether you broadcast via livestream on a church-branded website, church-branded Facebook page or church-branded YouTube channel you will be allowed to use Orange Kids Music audio and/or video in a streaming church service for kids *if* the song fits these criteria:

- **The song/video use must be for streaming only. No downloads allowed.**
- **Streaming/sharing must be from church-branded platforms only.**
- **Use song audio and/or video inside of a kid's church or service video only.**

To discover if the Orange Kids Music song you would like to use is a song written by Orange Kids Music or by another songwriter please see **Exhibit A - Orange Kids Music Song List.**

If Orange Kids Music wrote the song, you have permission to do the following:

- Use song audio and/or video inside of an online kid's church or service video.

If Orange Kids Music DID NOT write the song, here is information you need to know:

- Although we own the masters for audio and video, we do not own the writing of the song and therefore cannot give you full permission to use those songs. You must have permission from both the songwriter (various) and the recording/ video owner (Orange Kids Music).
- This is a great time to make sure your church has the **Streaming Add-On license available from CCLI** (<https://bit.ly/30YJdUr>). Please note, this is in addition to your basic CCLI license for

your church (<https://bit.ly/3iQ1MQI>). With a Streaming Add-On license, you will have songwriter rights to stream over 300,000 worship songs.

- If you choose not to add the Streaming Add-On license from CCLI, you will need to contact the song publisher for each song you want to use in your online service. That can be very time consuming so we highly recommend you have the Streaming Add-On license from CCLI.
- CCLI requires you to post the song title, CCLI song # and your CCLI license # on screen. We recommend running a slide at the beginning and/or end of the song with this info. This will also potentially help you with online permissions from various social media platforms you could be using to stream your content.

SOCIAL MEDIA URL'S AND YOUTUBE: As an added benefit of this license we will designate the URL's you submit for your church-branded social media platform(s). Sharing your URL's will allow us to submit your church-branded platform(s) to have permission to post content should you experience any flagging issues from Facebook, YouTube, etc. **You can submit your URL's by clicking on the button labeled "SUBMIT URL'S HERE" which is found in the email you received that contains your Orange Kids Annual Streaming Master Use License.** Please note that if you are using YouTube for distribution of your online service/program for kids you will likely receive a notification from YouTube that audio was claimed by Catapult. Do not be alarmed, they represent our audio. This is just an FYI that the system is recognizing by audio. This claim does not stop you, it just claims them as the owner of the audio.

RENEWAL AND TERMINATION:

At the end of your license year you will need to proceed with renewing your Orange Kids Music Annual Streaming Master Use License. If you do not renew your annual license you will be required to delete our songs and videos you've posted online. This includes deleting past services for kids you may have available in an online library or on social media pages. In addition, your church-branded social media platform accounts that were submitted to have permission to post content will have that feature removed.

If you do not abide by the above permissions then Orange Kids Music, a Division of The reThink Group, Inc is given permission to terminate your license and potentially blacklist your social media channels if the behavior merits it. We have created this license as a solution and have done so at the very lowest cost we could.

Terms and conditions are subject to change.

If you should have any questions regarding your Orange Kids Music Annual Streaming Master Use License please contact our partner support team by phone: 866.343.4874 or email: partnersupport@thinkorange.com

EXHIBIT A - ORANGE KIDS MUSIC SONG LIST
