

Crystal African Black Soap

The ideal starting point for creating handmade soaps, create a wide range of beautiful products. Simply combine colour and fragrance to tailor your soaps.

African black soap is made using raw shea butter and coconut oil. It is full of naturally derived minerals and antioxidants and is renowned for its natural cleansing properties

This soap base has a dark and rich colour which is produced naturally during the handmade processing of the African black soap in Ghana.

1kg tub

11.5kg tub

Processing Crystal Melt & Pour

1. Open & Cut

Simply open the packaging, safely cut the Crystal soap base into smaller cubes, doing this will make the soap easier to handle and melt.

2. Melt

Gradually heat the soap base ensuring that the soap melts evenly and does not boil over.

3. Mix

Mix gently ensuring that any fragrance or additives* you have added are evenly distributed throughout the soap base.

**Use up to 2% additives*

4. Pour

Working quickly, simply pour your soap base into your soap mould.
