

Absent substances and processes

Product	Caustic Soda Microprills
Valid until	31.12.2022

In the context of eventual use of Nobian Caustic Soda Microprills in Food, Feed, Pharma or Personal Care applications, the following substances and process steps are absent in the product and its manufacturing process. These substances are neither used as raw material nor added intentionally during the whole manufacturing process of Nobian Caustic Soda Microprills. The product is produced and handled on dedicated production lines, hence cross-contamination with these substances is ruled out.

- Alcohol, Coconut, Corn, high fructose corn syrup
- Allergens as listed in Annex II of Regulation (EU) 1169/2011
- Aluminium, Barium, metal catalysts and reagents
- Amino acids, such as glutamine
- Amides
- Antibiotics
- Asbestos
- Avian influenza
- Azodicarbonamide (ADA), Diacetyl
- Cyanides
- Dehydroacetic acid (E265) or any other pyrone derivative
- Doping substances as listed in the World Anti-Doping Code (WADA list 2021)
- Endocrine disruptors
- Genetically Modified Organisms (GMO), Conform EC1829/2003, EC1830/2003, and derived national regulations
- Gluten
- Ionization, Irradiation
- Iprodione or any of the other materials listed with a "Maximum Residue Level" in the EU MRL legislation
- Melamine
- Methyl Salicylate
- Microplastics
- Mycotoxins, aflatoxin, (micro-) fungi and Mycoplasma
- Nanoparticles, Titanium dioxide (E171), or nanotechnology
- N-nitrosamines, N-nitrosatable Substances and/or Nitrosating Agents
- Oils, such as Jatropha oil, Karanja oil, Palm oil, partially hydrogenated oil (PHO)
- Organics
- Per- and polyfluoroalkyl substances (PFAS)
- Pesticides according to EC 396/2005 and amendments covered by EC 1085/2020
- Phthalates
- Preservatives, artificial colors and flavorings
- Pollen
- Sodium Nitrite and Sodium Nitrate
- Silicones, latex, natural rubber
- Sorbic acid, sorbic adic salts, potassium sorbate

Note
To the best of its knowledge, Nobian declares this declaration to accurately describe the product's physical, chemical and/or manufacturing process attributes. Nobian does not make any warranty as to the suitability of its products for any application. The manufacture of this product (incl raw materials, production process and final product) and sales are controlled under the certified Nobian ISO 9001 quality system.
