| 4. First Aid Measures |  |
|-----------------------|--|
| 4.1 General           | Consider the precautionary statements.                     |
| Inhalation            | Remove from exposure site to fresh air. Keep at rest.      |
|                       | Obtain medical attention.                                  |
| Eye contact           | Rinse immediately with plenty of cold water for at least 5 |
|                       | minutes. Contact a doctor is symptoms persist.             |

| Skin contact                                       | Remove contaminated clothes. Wash thoroughly soap             |
|--|---|
|  | and water, flush with plenty of water. If irritation persists |
|  | seek medical attention.                                       |
| Ingestion  | Rinse mouth out with soap and water. Seek medical             |
| ingestion  | advice at once. Do NOT induce vomiting unless directed        |
|  | 5   |
|  | to do so by medical personnel.                                |
| 4.2 Most important symptoms and effects, both      | acute and delayed:  |
|  |   |
|  |   |
| 4.3 Indication of any immediate medical attentio   | n and special treatment need                                  |
|  |   |
|  |   |
|  |   |
| 5. Firefighting Media                              |   |
| 5.1 Extinguishing Media:                           |   |
| Suitable extinguishing media:                      | Use CO2 dry powder or foam type of extinguishers,             |
|  | spraying extinguishing media to base of flames.               |
| Unsuitable extinguishing media:                    |   |
| onsultable excinguishing media.                    | Do not use direct water jet on burning material.              |
| 5.2 Special hazards arising from the substances of |   |
| 5.2 Special hazards ansing from the substances o   |   |
|  |   |
| Userandous combustion are dusted                   |   |
| Hazardous combustion products:                     |   |
|  |   |
|  |   |
| Advice for firefighters                            | Avoid vapour inhalation. Keep away from sources of            |
|  | ignition. Do not smoke. Wear positive pressure self-          |
|  | contained breathing apparatus and protective clothing.        |
|  |   |
| Extinguishing procedures                           | Closed containers may build up pressure when exposed          |
|  | when exposed to heat and should be cooled with water          |
|  | spray.  |
|  |   |
| 6 Accidental release measures                      |   |
| 6.1 Personal precautions, protective equipment,    | and emergency procedures                                      |
|  |   |

| 6.1.1 For non-emergency personnel |   |
|-----------------------------------|---|
| Protective equipment:             | Avoid inhalation and direct contact with skin and eyes.<br>Use individual protective equipment (safety glasses,<br>waterproof boots, suitable protective clothing) in case of<br>major spillages. |
| Emergency procedures:             |   |
| 6.1.2 For Emergency responders    |   |

## Penny Price Aromatherapy/ Aroma Formulations **SAFETY DATA SHEET**

| According to Regulation | (EC) No.1272/2008 |
|-------------------------|-------------------|
|-------------------------|-------------------|

| 6.2 Environmental precautions                        | Keep away from drains, soils, surface, and ground waters.   |
|--|---|
| 6.3 Methods for cleaning up – 6.3.1 For containment: | Remove all potential ignition sources. Contain spilled material.  |
| 6.3.1 For cleaning up:                               | Cover with an inert or non-combustible inorganic<br>material or sweep up and remove to an approved<br>disposal container. |
| 6.3.3. Other information:                            | Observe state federal and local disposal regulations.   |
| 6.4 Reference to other sections                      |   |

| 7. Handling and storage                                   |   |  |  |
|---|---|--|--|
| 7.1 Precautions for safe handling                         |   |  |  |
| Protective measures:                                      |   |  |  |
| Measures to prevent fire:                                 | Keep away from ignition courses and naked flames.<br>Take precautions to avoid static discharge in working<br>areas.  |  |  |
| Measures to prevent aerosol and dust generation:          | Apply good manufacturing practice and industrial<br>hygiene practices, ensuring proper ventilation. Observe<br>good personal hygiene and do not eat, drink, or smoke<br>whilst handling. Avoid static discharge |  |  |
| Measures to protect the environment:                      | Keep away from drains, soils, surface and ground water  |  |  |
| Advice on general occupational hygiene:                   | Store in tightly closed original container, in a cool, dry,<br>and ventilated area away from heat sources and<br>protected from light. Keep air contact to a minimum.   |  |  |
| 7.2 Conditions for safe storage, including any inc        | ompatibilities  |  |  |
| Technical measures and storage conditions:                | Apply good manufacturing practice and industrial<br>hygiene practices, ensuring proper ventilation. Observe<br>good personal hygiene and do not eat, drink or smoke<br>whilst handling. Avoid static discharge  |  |  |
| Packaging Materials:                                      | Glass<br>Lacquer lined steel/tin<br>Aluminium<br>F/HDPE   |  |  |
| Requirements for storage and vessels:                     | Store only in unopened original receptacles. Keep receptacle tightly sealed, under dry conditions and away from light.  |  |  |
| Storage Class: Further information on storage containers: |   |  |  |
| 7.3 Specific end use(s).                                  |   |  |  |
| Recommendations:  |   |  |  |
