

ATOMIC 12 INCH STRAIGHT ARM WALL LIGHT

GNN148

Our outdoor wall lights, inspired by 1920's industrial lighting, in straight arm styles are great for use as sign or awning lights, garage or barn lights. This vintage look works well indoors, as a wall sconce to illuminate an entry or hallway, stairway, or bathroom. The Atomic has a great retro feel and will lighten up any space. A clear glass jar to protect bulb from the elements is a standard feature.
