PAIR WITH: FeverTree Mediterranean Tonic FEVER-TREE

TONIC WATER

Juniper | Coriander | Angelica Root| Lemon Peel | Orange Peel | Rosemary | Lemon Pelargonium

The soft and smooth finish is of exacting quality and can be served neat or with a mix.

This juniper-forward gin is infused using a combination of maceration and vapour infusion.

The flavour profile has a uniquely South African twist. Lemon pelargonium adds bright lemon notes and rosemary gives it a rounded herbaceousness.

NOSE Juniper, citrus and coriander.

**PALATE** Classic citrus and juniper, with some rootier elements emerging.

FINISH A mellow, floral finish.

**SERVE**: 10ml neat taster

40ml Gin, Refreshingly Light Tonic, garnish with Lemon (any citrus).

## **EIGHT BOTANICALS**

HOPE

Juniper | Coriander | Angelica Root | Lemon Peel | Orange Peel| Liquorice Root| Buchu | Kapokbos

These include hand-picked organic kapokbos, otherwise known as snowbush, and buchu from our unique floral kingdom.

Kapokbos is a wild sweet rosemary, which adds floral and herbaceous notes, and buchu is a small fragrant shrub that lends uniquely punchy blackcurrant notes.

This is South Africa in a glass!

NOSE Punchy fruit notes with hints of pine

PALATE Floral with blackcurrant and juniper

FINISH Complex finish which is subtly sweet

SERVE: 10ml neat taster 40ml Gin, Aromatic Tonic, garnish with Orange & Rosemary
