FENCE ARMOR® POST CAPS & FINIALS

Introducing the first universal 4x4 Fence Armor® Post Cap featuring the revolutionary, patent-pending Fence Armor® Cap Claw™. Designed to slide easily into place on wood or vinyl posts to provide the long-lasting, premium-protection you've come to expect from Fence Armor®.

Protect posts against rain, snow, sun, hail, and hot or cold temperatures that affect untreated, damaged and, exposed

post-end-grain. Prevent the damage, and protect against warping, twisting, and cracking. Prolong post-life – Beautifully. Add style and elegance with Fence Armor® Finials. Easily fastens to the top of Fence Armor® threaded post caps. And, works great with any existing post caps by drilling a 1/4" hole on the cap center, then affixing the Fence Armor® Finial with the nut provided.

POST CAPS. FASTENER-FREE END-GRAIN PROTECTION.

The press-fit design of the Fence Armor® Cap Claw™ features two self-adjusting underside prongs that stabilize and lock-in the Fence Armor® Post Cap to exposed post tops. A top-threaded-hole design allows for finial attachment or post cap removal.

Fits Posts: 3 3/8" to 4 3/16"

Made entirely in North America, Fence Armor® Post Caps are stamped from American galvanized steel, and all Fence Armor® Finials are cast using American zinc. Each product receives the Fence Armor® signature, premium powder-coat textured color, making Fence Armor® post-end-grain-protection beautiful, practical, and durable.

Wood fences, decks, and gate posts are exposed to severely damaging elements all year long, affecting both the natural beauty of wood and its lifespan. Now you can protect them from the bottom and the top.

DECORATIVE FINIALS. A POLISHED FINISH.

Installs seamlessly and securely with Fence Armor® Post Caps. Choose from the Texas Star, Ball-Top Quad, Fleur-de-lis, the Trident, Hops, or Acorn-Flag. Works with other existing post caps by using the nut provided to hold the finial in place securely. It's that easy. Get creative – try the Fence Armor® Finial on any DIY project.

Protect posts from the bottom up, with Fence Armor®.
