PROFESSIONAL WOOD CARE

EXPERT

STAIN & SEAL

EXPERT™ STAINS & SEALERS.

PROFESSIONAL WOOD CARE.

Safely preserve and enhance wood's natural beauty with our commercial-grade, solvent-free, and paraffinic mineral oil-based stains and sealers from EXPERT.

REAL PERFORMANCE

EXPERT seeps into the top layers of wood and seals the non-drying oils deep within preventing water absorption, UV damage, cupping, warping, cracking, and loss of color.

UP TO 3 YEARS - GUARANTEED.*

Our proprietary blend of oils and pigments preserve and condition wood with maximum color quality and coverage for beautiful protection that lasts season after season.

Real Good Stain.

Get real good results with EXPERT[®]™ Stain & Seal. Made by Experts for experts, and the homeowners who demand real results.

Real Impact Eco-Friendly Stains.

EXPERT Professional Wood Care is designed and tested in the real world – on the same decks and fences you work on every day. We understand the risks high VOCs pose to people, pets, and the environment. We've made it our job to make them as safe as possible – so they present real positive impacts on spaces you'll create with EXPERT Stain & Seal. Our stain is designed to emit low VOCs (<250 g/l) from the moment you remove the lid – throughout application, the drying process, and long after. Lower VOC means less gas-off, reduced pollutants – a safer experience for all, and the environment as a whole.

Real Application Easy-to-Apply & Clean Up.

Treat exterior wood to a protective, conditioning, and long-lasting barrier that keeps wood looking great season after season. Apply an EXPERT finish to fences, decks, pergolas, gazebos, shakes, siding, hardwoods, and log homes – no streaking, no running, or overlap marks. EXPERT Stain & Seal easily self-levels on vertical surfaces, with little back brushing on horizontal surfaces. Choose from a range of natural and beautiful colors in Transparent, Semi-Transparent, and Semi-Solid finishes.

Real Performance Protection that Lasts.

Our deep penetrating, Conditioning Oil Formula is a proprietary blend of drying and non-drying oils combined with high-quality pigments to provide professional-grade protection with high-solids coverage and color quality. EXPERT seeps into the top layers of wood and seals the non-drying oils deep within preventing water absorption, UV damage, cupping, warping, cracking, and loss of color.

A Real Good Stain Guarantee.

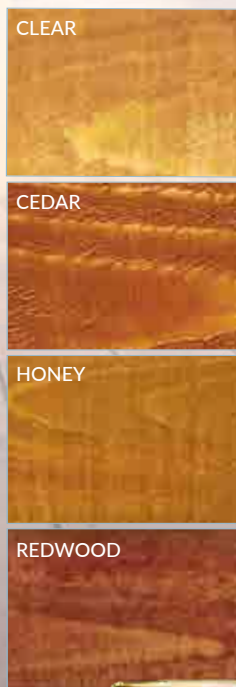

We guarantee EXPERT Stain & Seal will protect against peeling, cracking or chipping. Our individual warranties are, 1 year for Transparent stain, 2 years on Semi-Transparent stain, and 3 years for Semi-Solid stains.

TRANSPARENT STAIN

For low traffic surfaces, such as fences, decks, siding, hardwoods and shakes.

Enhance the Real Beauty of Wood. Naturally.

For an authentically natural look, try EXPERT Transparent Stain & Seal. Guaranteed to provide a beautiful seal, our Conditioning Oils' Formula sinks deep down into wood's pores, conditioning and protecting new wood from the harsh elements. Choose from EXPERT's four ready-mix natural wood stains and sealers.*

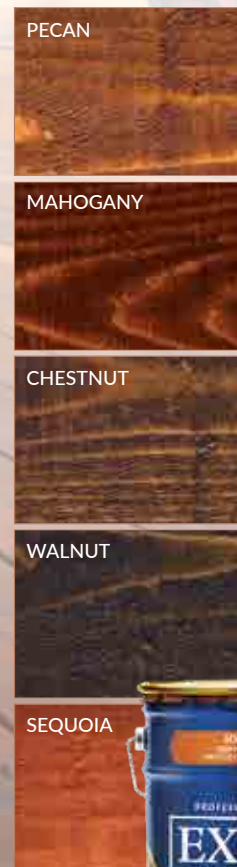

SEMI-TRANSPARENT STAIN

For medium traffic surfaces such as fences, decks, siding, shakes and log homes..

Add Real Longevity to Wood. Simply.

Get the best life out of exterior wood with EXPERT Semi-Transparent Stain & Seal. Dramatically increase wood's defense against everyday wear and tear, as well as damaging environmental effects. Choose from EXPERT's five sophisticated ready-mix tones.*

SEMI-SOLID STAIN

For heavy-traffic and weathered surfaces on fences, decks, siding, and log homes.

Create a Real Impact on all Wood. Beautifully.

Renew exterior wood with EXPERT Semi-Solid Stain & Seal. Effectively restore and protect wood's defenses against heavy wear and tear and extreme weather effects. Choose from EXPERT's nine ready-mix semi-solid tones.*

All stain samples are featured on cedar wood.

*All stain color samples are applied to cedar wood. Color results may vary. Wood type, graining, color, texture and age are determining factors in the overall finish. EXPERT Stain & Seal warrants the contents of this container to be free of defects for 1-year after the manufacture date. For the warranty to be valid, the product must be applied with proper application technique according to label directions. It must be maintained with yearly washes using EXPERT Professional Wood Cleaners followed by a maintenance stain coat application at the half-life mark of the warranty period. Clear finishes require maintenance intervals and re-application every 6 to 12 months and have no warranty of any kind. No other warranty is expressed or implied. If the product is found to be faulty when applied according to the label instructions, a replacement product will be provided or your purchase price refunded. Manufacturer and Seller assume no liability for the labor cost of any kind.
