MAKE QUIK WORK OF POST REMOVAL WITH THE NORTH-WEST QUIK PULL

Introducing, new from Fence Armor, a simple and easy way to remove small trees, shrubs, and every kind of fence post with concrete plugs – the NW Quik Pull.

- Made from American steel
- 10,000 lbs. weight-pulling capacity
- No heavy hydraulics or motor
- Total tool weight is 50lbs.

VERSATILITY IS KEY FOR MORE THAN OLD FENCE POSTS

The NW Quik Pull is a versatile fence post removal tool that transforms into an incredibly reliable landscaping tool. Make short work of any small trees, shrubs, and bushes.

This unique tool has also been used by event companies, to safely and quickly remove large ground stakes on large, temporary tents and awnings.
