Fit Tips:

If one of your measurements is on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit.

If your measurements for hips and waist correspond to two different suggested sizes, order the one indicated by your hip measurement.

How to Measure:

- CHEST: measure around the fullest part of your chest, keeping the tape measure horizontal.
- WAIST: measure around the narrowest part (typically where your body bends side to side), keeping the tape horizontal.
- HIPS: measure around the fullest part of your hips, keeping the tape horizontal.
