SELECTION
GUIDE**

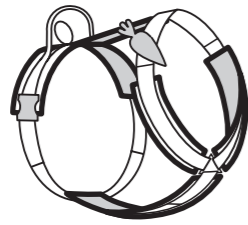

More control. More comfort. More go.

This guide will help you get a grip on which harnesses are best suited for you and your dog and the activities that you will enjoy together. Every Hurtta harness is designed with control, comfort and adjustability in mind. And like all Hurtta apparel and gear, you can be sure that your harness is built and tested to provide long-lasting durability. **Dogs are loyal to us and at Hurtta we do our best to return the favour.**

	VENTURE NO-PULL HARNESS	CASUAL HARNESS	CASUAL Y-HARNESS	HURTTA GO HARNESS
Ideal for	Perfect for daily walks and weekend adventures for active and mobile dogs and dog owners. Two snap buckles and an adjustable neck and chest section offer easy on-off wearability and outstanding comfort.	Sturdy, padded harness for everyday walks and activities for all dogs. Adjustable chest strap for a great fit. Quick and easy dressing so you and your friend can hit the trail faster. Available in 8 sizes.	Sturdy, padded, easy-dress harness suited for daily walks and activities for all dogs. Dress without lifting forelegs with two quick-snap buckles. Adjustable chest straps for a comfortable fit. Available in 8 sizes.	Based on popular Nordic harness design. Hard-working, durable and easy-to-use. Ideal for daily walks and other doggie interests. Adjustable chest for added comfort. Sturdy handle at back for extra control.
Highlights	No-pull design provides comfort for dogs that need a little extra help learning leash behaviour, and more control for dog owners. The harness actively minimises strain by redirecting forceful pulls toward the leash.	Comfortable, weather-proof neoprene padding provides year-round comfort. Endurance-tested materials and construction for peace of mind. 3M reflective stitching for enhanced visibility and safety in low light situations.	Endurance-tested materials and construction for peace of mind. Weather-proof neoprene padding offers added comfort in every season. 3M reflective stitching for enhanced visibility and safety in low light situations.	Sturdy back section. Ample adjustability at front and chest. Rugged handle on the back makes it easier to control the dog on difficult terrain or in other trying situations. Well-suited for narrow-bodied dogs.
