

Astronomy: The Solar System, The Sun, Part 2

"You are the Lord, you alone. You have made heaven, the heaven of heavens, with all their host, the earth and all that is on it, the seas and all that is in them; and you preserve all of them; and the host of heaven worships you."
Nehemiah 9:6

1. The sun is made of a state of matter called _____.

plasma

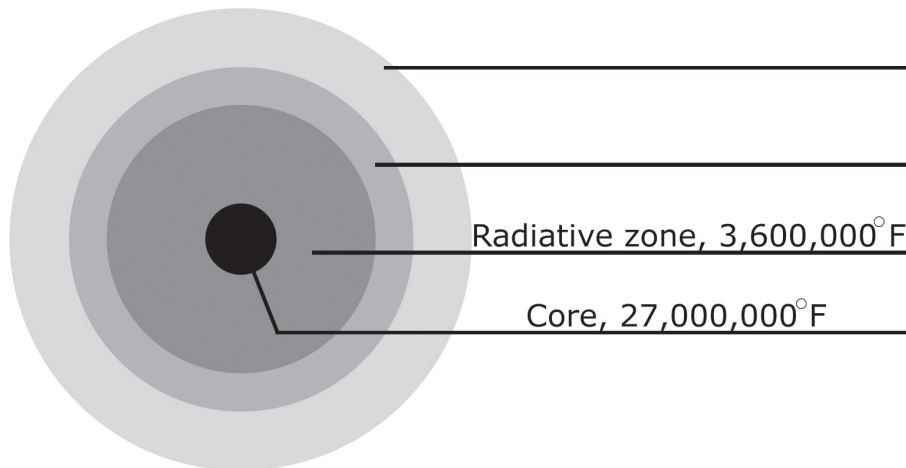

gas

liquid

solid

2. Label each layer of the sun with both its name and temperature.
Temperature options are: 12,500,000°F, 10,000°F. I did the first two for you as examples.

New graphic

3. One of the interesting facts about the corona that astronomers can't explain is _____.

why it's so hot

where it came from
