

# EXAMPLE GIFT WRAP

## Standard Packaging

We ship all our packages with love! Our standard packaging utilizes shipping cartons that may show postal service branding. Inside, our kits are carefully wrapped with tissue paper and/or protected with fun and decorative crinkle paper. FREE branded gift notes come standard with all orders.

## Decorative Canvas Gift Bags

Our decorative canvas gift bags are sustainable and reusable. These bags are packed in our standard shipping cartons, or, with adequate lead time, we are happy to create branded shipping cartons with your company's logo.

## White Gift Boxes

If you are personally handing out your gifts, our formal White Gift Boxes are a luxurious and beautiful option. They are shipped fully packed with all garden kit items. Gift bows are packed separately. Add the bows as a beautiful finishing touch before giving your gifts.

(Only available when you choose to have all kits shipped to a single address.)
