

R640

Flexible Veterinary Anesthesia Machine-Wall Mount

R640 is an excellent choice for Non-operating room anesthesia, like Treatment Room, Preparation Room and Feline Specialist Clinics. It can effectively improve the treatment rate and the medical experience of the owner and animals.

- Wall mount, ideal if you have limited space.
- Non-rebreathing circuit, ensure fast induction, quicker wake up and recovery.
- 10L flow meter, good for animals less than 50kg.
- Oxygen flush with safety restrictor.
