TROUBLESHOOTING GUIDE

1. What should I do if I get blurry images?

- * Adjust focus ring/keystone.
- * Projector and screen/wall must be in effective distance.

2. What should I do if the remote is unresponsive?

- * Make sure remote points at IR receiver directly.
- * Do not cover IR receiver.
- * Try a new pair of AAA batteries.

3. How do I flip the upside-down images?

- * Go to **Menu > PICTURE > Projection Direction** to flip the projection image.

4. How do I restore the projector to factory default?

- * Go to **Menu > OPTION > Restore Factory Default** to restore factory settings as needed.

5. How do I set the language?

- * Go to **Menu > OPTION > OSD Language** to select the language.

CAUTION

The symbol indicates DC voltage

RECYCLING

This product bears the selective sorting symbol for Waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment.

This product can be used across EU member states.
