Harcor Sealing Press

Harcor Sealing Press with Tongue + Groove Dies (HA21100)

Harcor Sealing Press with Flat Dies (HA21000)

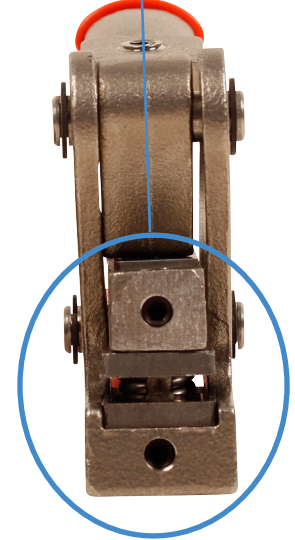

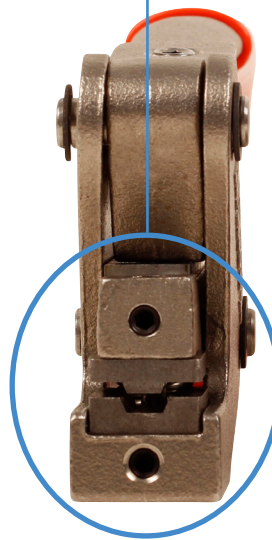

Features

- Cast from 316 stainless steel.
- Compatible with Harcor Energy Seals, Harmet Meter Seals and Metal Ferrule Seals.
- Dies can be changed using the Allen key provided.

Tongue + Groove dies

Flat dies

Engraving options:

- Dies can be engraved, up to 4 characters per line.
- Male engraving – the characters are raised on the surface of the die, pressing the characters into the seal.
- Female engraving – the characters are engraved into the surface of the die, allowing for raised characters on the seal.
