

Why Heartwork

Our Name Says it All

Heartwork was founded on the belief that pursuing work we love, coupled with exceptional design, creates an environment where pleasure and productivity can thrive.

We're Heartworkers

We're craftsmen, collaborators, and creative problem-solvers passionate about how workplace design can bolster productivity, culture, and morale.

Some Call it Storage

We call it connection, collaboration, and community. Our storage solutions go beyond mere organization, shaping environments that bring individuals and teams together, providing dedicated areas to anchor and secure belongings, and supporting individual and collaborative work.

Why Building Block

Modular Family

Building Block offers modular elements from bookcases, lockers, lateral files and more that can be combined to create workbars, endcaps, work aisles, and space division.

Flexible and Adaptable

This collection fits in many spaces across the workplace. Combine multiple storage solutions and heights to create variety to solve for various workplace challenges.

Opportunity to Personalize

Building Block solutions to support a range of work settings and work modes. Products include premium features including lockers with standard keypad lock and soft close hinges to further enhance the user experience.

HEARTWORKK®

Building Block 3H Locker and Cabinet in Slate Blue with Planters in Deep Green.

Welcome Areas & Touchdown

From secure lockers with keypad locks for high-traffic areas to open and approachable hooks or cubbies that keep items within reach in team spaces, Building Block delivers personal storage for any space.

Top Left: Building Block 3H Lockers in Cool Charcoal with Waterfall Surround. Top Right: Building Block 5H Open Hutch in Ocean Teal. Bottom Right: Building Block 3H Lockers and Cabinet in Warm Stone, 3H Bookcase in True Blue.

Shared Resources & Display for Personal Expression

Allow individuals and teams to express personality within shared spaces by displaying team swag or personal items. Add baskets to keep shared supplies close at hand and easy to find.

Design flexible and adaptable spaces with Building Block

Mobile storage solutions make it easy to adapt as teams or needs change

Sawhorse desks offer easy and intuitive access to power — perfect for dedicated team spaces or for the occasional touchdown worker

Baskets offer a flexible solution to store shared resources or to create space for personal items like coffee mugs and desk accessories

Create spaces that invite focus and designate shared space

Add functional storage while also making space to share ideas or treats

Building Block offers a variety of sizes, heights and components to create functional spaces while balancing needs for privacy, or openness

Consider options for perforated doors as an added design element

Activate social zones with storage

Building Block workbars support casual team connection in any space

Active Duty Storage Credenzas offer a refined design and commercial quality, ideal for common areas

Active Duty Bookcases with perforated backs divide space while letting light and sight lines pass through

Encourage team collaboration while keeping personal items within reach

Add team space anywhere with casual and approachable Sawhorse Conference tables

Add biophilia with Storage Mounted Planters to define space and create privacy

Day-use open cubbies make it easy to tuck bags and personal items away

Leverage storage to create flexible boundaries

Building Block 3 Door lockers offer storage for hanging jackets and larger items

Add Storage Mounted Planters Day 2 to unlock added adaptability

Easily change and adapt any space with Building Block modular, mobile storage

Create space dedicated to team collaboration

Keep jackets and bags off chairs or the floor with Building Block Open Hutch

Cabinets allow a team to keep their project items organized and nearby

Sawhorse delivers functional workspace equipped with integrated power

Curate multi-functional storage solutions to address diverse needs

Stackers with perforated back add height while allowing light through

Teams can touch down for the day or during the course of a project

Combine storage elements to provide security, offer organization, or make space for display and personalization

Integrate functional space boundaries with storage

Plan a variety of storage heights to balance needs for privacy and openness

Open storage solutions like Open Cubbies and Open Hutch offer casual, easy to access storage

Add a pop of color to a neutral setting with baskets and stackers in accent finishes

Create space for connection and casual encounters

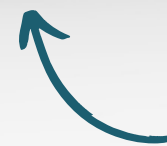

Use color patterns for seamless wayfinding

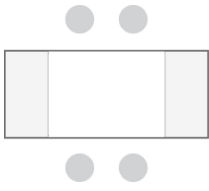

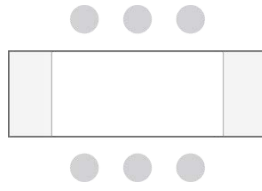

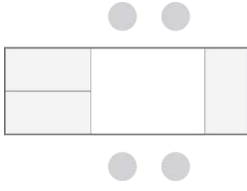

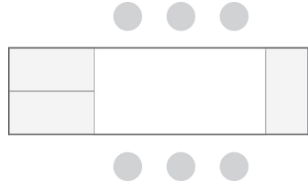

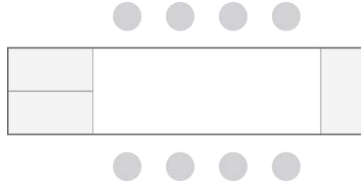

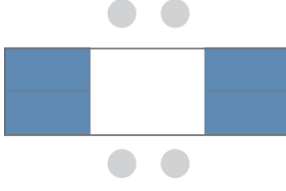

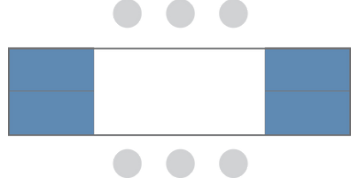

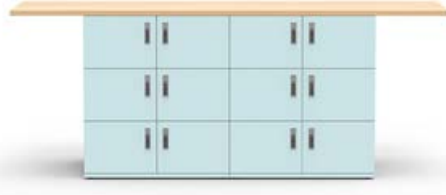

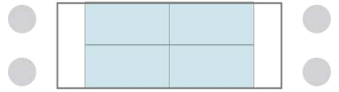

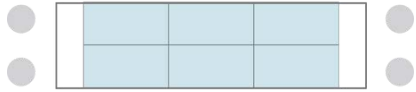

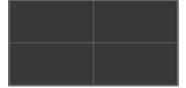

Place collaborative team space near personal storage to encourage casual interaction and conversation

Standard digital keypad locks for shared or assigned use. Smart lock options also available
