The image shows a mobile application interface for a 'Smart wall light switch'. The interface has a green header with a back arrow and the title 'Smart wall light switch'. Below the header, there are three rows of controls, each for a different switch. Each row contains two voice command examples (one for Alexa and one for Hey Google) and a control panel with 'ON' and 'OFF' buttons. The first row is for 'Switch 1', the second for 'Switch 2', and the third for 'Switch 3'. At the bottom of the interface, there are two large circular buttons labeled 'ALL ON' and 'ALL OFF'. The voice command examples are color-coded: blue for Switch 1, yellow for Switch 2, and purple for Switch 3.

Switch 1

- Alexa, turn on <switch 1>.
- Hey Google, turn on <switch 1>.
- Alexa, turn off <switch 1>.
- Hey Google, turn off <switch 1>.

Switch 2

- Alexa, turn on <switch 2>.
- Hey Google, turn on <switch 2>.
- Alexa, turn off <switch 2>.
- Hey Google, turn off <switch 2>.

Switch 3

- Alexa, turn on <switch 3>.
- Hey Google, turn on <switch 3>.
- Alexa, turn off <switch 3>.
- Hey Google, turn off <switch 3>.
