# T9C

Smart Siren

Requires the EZVIZ Home Gateway A3[1] for EZVIZ App features

Stay safe and stay alert

Elevate your home security with the EZVIZ T9C smart siren. The T9C can be seamlessly connected to your EZVIZ smart home system for a personalized experience, with adjustable alarm sound and duration settings. Enjoy the peace of mind provided by its anti-tamper and anti-moving alarm features, ensuring optimal protection against unwanted visitors. With its humanized and weatherproof design, the T9C can work both indoors and outdoors.

90~105dB Adjustable Alarm Sound	5~180s Adjustable Alarm Duration	Tamper Alarm
Anti-Moving Alarm	Weatherproof Design	Instant Alerts via EZVIZ App
Energy-saving Design & Extended Battery Life	Smart Integration with EZVIZ Cameras[2]	

Made flexible for both indoor and outdoor uses

Do you ever detest being bothered by the harsh, nonstop beeping from those old-fashioned fire alarms? With the T9C smart siren, you can simply adjust and customize the sound level and even the duration, all according to your personal preference and where you want to place it.
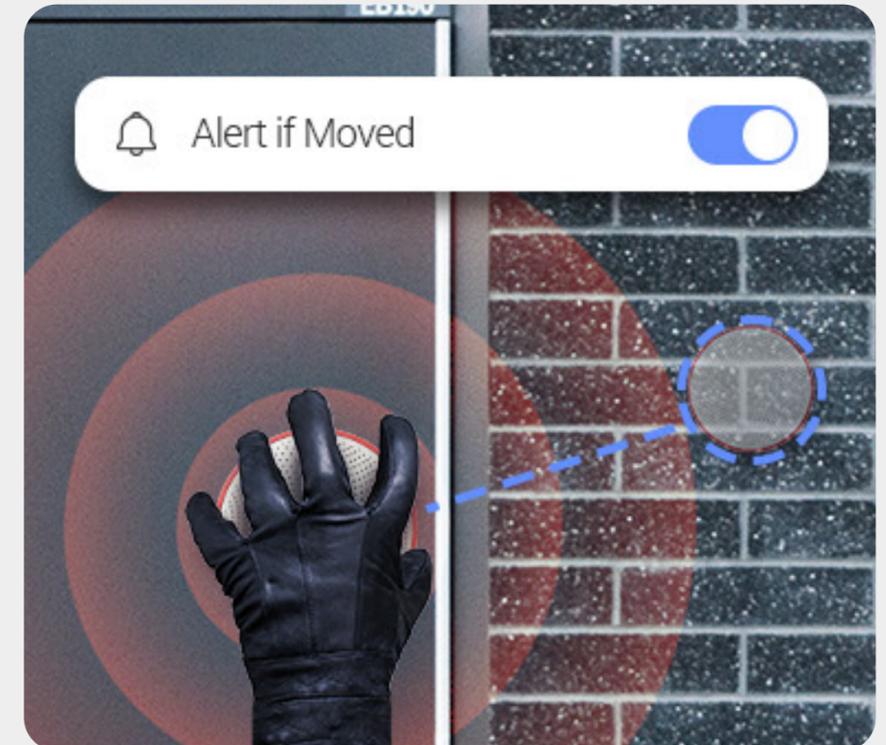

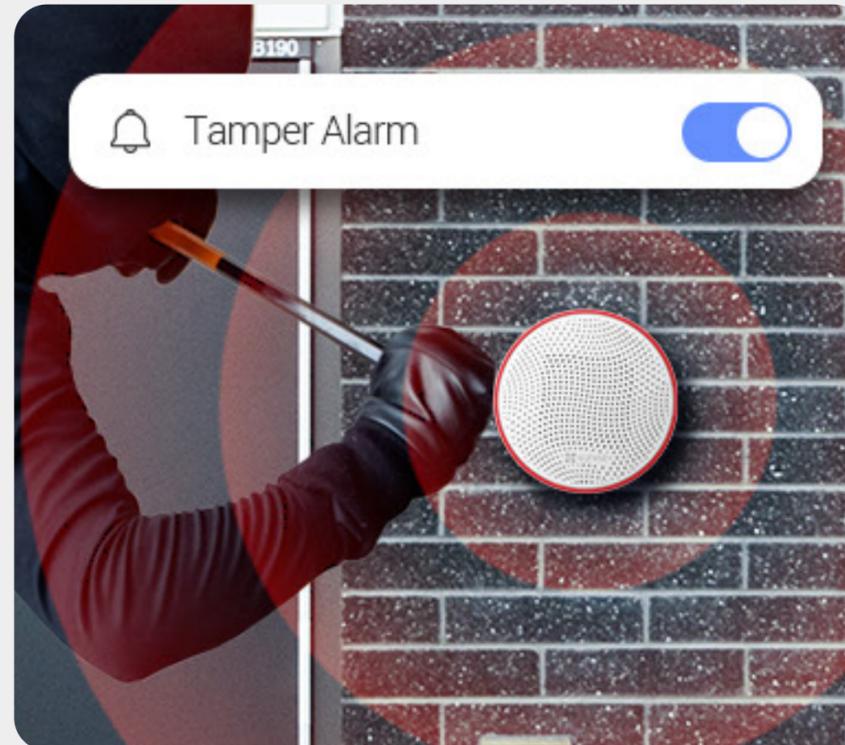

90~105dB
Adjustable Alarm Sound

5~180s
Adjustable Alarm Duration

Hard to tamper and never off-track on its workspace

Once properly installed, the T9C can be relied upon to steadfastly maintain its position. If it is tampered with or moved by someone in any direction, the siren will immediately issue an alarm to notify the house owner. Those sneaky thieves or intruders won't stand a chance of snatching it without you knowing.

Tamper Alarm

Alert if Moved

Built to work under different weather

The T9C is weatherproof to IP54 standards, allowing it to operate regularly even when the weather changes. And it works in temperatures ranging from -30 to 50 degrees Celsius.

Extended battery life for nearly a decade of protection

The T9C is ingeniously designed to provide you with peace of mind for a remarkable duration with exceptional energy efficiency.

Up to **8** Years[3] of Battery Life

Made to enhance your connected home

The T9C can be set to connect with any of your EZVIZ smart home sensors to initiate an alert when triggered by unusual activities[2]. In addition, the EZVIZ mobile app empowers you to effortlessly manage, arm, and disarm the entire system, while also receiving essential notifications for different activities.

1 The gateway is not included in the purchase of the siren.

2 The T9C must first connect to the gateway to link with EZVIZ cameras. The sensor can only work with EZVIZ wired cameras that are launched with version 5.3.8 or later firmware.
  Please refer to the sensor page on the EZVIZ App for final information on the camera compatibility.

3 The T9C has an 8-year battery life in standby mode without alarm. Actual battery service life may be changed in terms of the alarm duration, alarm times and the decibel you set.
  After installing the battery, it will automatically enter the pairing mode when it is turned on. If it is not paired for a long time, it will automatically turn off to protect the battery power.

Specifications **Smart Siren** CS-T9C-A0-BG

General

Operating Conditions	-30°C ~ 60°C, ≤ 95% RH (no condensation)
Storage Temperature	-20 °C to 60 °C
Standby Current	Static Current≤60μA (Battery) , Static Current≤1mA (DC12V)
Working Current	Alarm Current≤1.2A (Battery) , Alarm Current≤0.5A (DC12V)
Dimensions	Φ 134 mm x 51.5 mm
Weight	Product: 437.54g　With package: 647.50g
IP rating	IP54

Function

Low Battery Reminder	Support
Tamper Alarm	Support, Off by default
Moving Alarm	Support, Off by default
Installation Method	Installed on the wall

Network

Protocol	ZigBee 3.0
Wi-Fi Frequency	2.4 GHz
Communication Distance	< 200 m (Tested in open environment)

Power Supply

Battery Type	Cell battery CR123A*4
Power Supply	DC12V external

Battery Service Life

For single alarm duration at 5s, 12 mins (144 times) alarms can be operated annually.

· High(105dB) 5.5 years
· Medium(98dB) 6.5 years
· Low(90dB) 7 years

*Actual battery service life may be changed in terms of the alarm duration you set and alarm times.
