ABOUT OAK & BLACK

With a background in Education and sports coaching, I have always been energised by helping people see and fulfil their potential.

An amazing way to motivate and inspire your people is through recognising and acknowledging their achievements and efforts, such as marking an event, a victory or milestone or them embodying your institution's values.

This is where we can help you.

Freddie Main, Managing Director

At Oak & Black, we appreciate that as well as expecting high quality products that are great value for money, our clients are also looking to be more sustainably responsible with what they do and the example they set.

This is why we've created our range of sustainable and customisable awards, medals and gifts so you do not need to compromise on quality, sustainability or cost. Each of our items is hand-finished to ensure they not only look great but also last a long time.

At the heart of what we do are our core values: Kindness, Creativity and Sustainability.

Let's work together to create beautiful and sustainable awards and gifts to acknowledge, appreciate and inspire your people, giving them something to treasure forever.

TESTIMONIALS

"We've been using Oak & Black for a few years now and the pupils love the oak awards. The sustainability aspect ties in nicely with our school values and the quality of the products is great. I particularly like using small awards such as the custom keyrings to celebrate and acknowledge small achievements throughout the year."

Mike Leonard, Director of Sport, George Watson's College

"We found Oak & Black offered a unique product that would commemorate a special occasion (National Schools U16 Shield Winners) for the players as a keepsake, the added bonus being that these medals are sustainable and aligned to our clubs vision"

Iain Macintosh, 1st XV and Youth coach, North Berwick Rugby Club

"Sustainability is such a massive part of what we do as a school, and with kindness as an over-arching theme Oak & Black's products are ideal for us to use to award pupils for doing the right thing through their sport; including encouraging and supporting others. We use the engraved oak blocks each year for a variety of sports and to give as gifts to hosts and guests. We also love the medals and use these for our sports days"

Mark Appleson, Director of Sport, Fettes College
