About Oak & Black

I've always taken immense pleasure in designing and making all of my wedding and anniversary gifts and seeing the joy and appreciation that the thoughtfulness brings.

Let us help you create the perfect wedding with our selection of display ideas and range of sustainable gifts and experiences that will ensure your happy day stays in everyone's memories forever.

At Oak & Black, we predominantly work with reclaimed materials and believe that with the right amount of focus, attention, and love we can turn these redundant materials into beautiful products and heirlooms that will bring joy for years to come.

At the heart of what we do are Kindness, Creativity and Sustainability. Let's work together to create a beautiful and sustainable wedding, giving you memories to treasure forever.

You can even add our products to your own [Wedding Gift List](#) via our website so that friends and family can treat you to something really special.

Barrel End Examples

When the Bride is from Ireland and Groom is from Scotland. Create beautifully understated Wall Art to commemorate the coming together of two families that has a story

This unique piece was designed for a helicopter pilot and an air steward who live in Hong Kong. This really is a one of a kind piece!

Decor

Stencilled Barrel Ends

An alternative to the engraved Barrel End Wall Hangers is our custom stencilled Barrel Ends. These sustainable Barrel Ends are the perfect way for the happy couple to commemorate their perfect day and can even be used like a 'Guest Book' by leaving space for people to sign and write messages on it. These come with or without a display stand and hanging wire.

Decor

Barrels

Available as either, light, dirty or dark, our dressed Barrels come fully sanded to give the authentic look with a finished, safe feel. The hoops are secured so that the barrels don't fall apart when dry, and they are coated in a high quality hard wax oil to ensure they last a long time.

We can engrave or stencil the tops so they can be used for future decoration, a 'guest book' for people to sign, or we can leave them plain.

Possible uses:

- Table tops/bars
- Wedding Cake stand
- Guest Book stand
- Flower displays

Decor

Custom Barrel Bar

This is our signature product and it is amazing as a statement piece or gift. With your family crest or other unique design on the top, this will be cherished for generations.

Available in a range of styles, you can personalise this with additional features such as a turntable base and a 5-bottle rack.

These make superb wedding and anniversary gifts, as well as statement pieces for the wedding itself, e.g. for presenting the cake.
